POTOMAC AND RAPPAHANNOCK TRANSPORTATION COMMISSION
VANSAVE PROGRAM
ASSISTANCE FOR EXISTING VANPOOLS

The VANSAVE Program for existing vanpools is designed to assist established vanpools, which have experienced a sudden, drastic loss of passengers. An eligible vanpool owner/operator may apply for assistance a maximum of once every 12 months per van. The program is administered through a local Rideshare Program. Assistance is granted at the discretion of the local Rideshare Program based on knowledge of eligibility, existing market conditions, and operating history. Vanpool owners or operators should provide documentation to the Ridesharing Program Manager demonstrating the practices he/she has pursued in efforts to obtain new passengers.

VANSAVE Program Eligibility Requirements

1. The vanpool must be registered with PRTC’s OmniMatch Ridesharing, or other State recognized ridesharing database for a minimum of 30 days prior to application for assistance.

2. The vanpool must be in operation for a minimum of 6 months and may not have received any state assistance funds for the previous 12 months.

3. The vanpool must have lost at least 25% of it’s paying passengers for more than 30 days and have requested Ridematch lists prior to requesting a subsidy showing a good faith effort to obtain passengers.

4. The vanpool must have a PV plate or equivalent (if from another state) and have appropriate registration/county sticker.

5. The owner/operator must certify that the vanpool is appropriately insured under a Commercial Auto Policy or a Van Pool Policy, an insurance category different from a personal or family auto policy, by providing a Certificate of Insurance.

6. The vanpool must be a nonprofit operation, conform to the ridesharing definition (Code of Virginia, section 46.2-1400, “Ridesharing arrangement: defined…”), and serve an employer site.

7. The owner/operator must supply the names and telephone numbers (both work and home numbers) to the Rideshare Manager. The Rideshare Manager will use this list to verify existing passengers.
8. Each month the vanpool owner/operator must submit to the Rideshare Manager an updated passenger list along with 2 Rideshare matchlists from the previous month showing comments regarding the viability of each person listed as a potential passenger. The matchlists will include the appropriate signature attesting that all applicants have been contacted. Upon receipt of which, the Rideshare Manager will initiate the next funding cycle.

9. The owner/operator must demonstrate continuous and aggressive recruiting for new passengers. Recruiting assistance will be provided by the Rideshare Program to the extent possible.

10. Additional eligibility, monitoring, or administrative guidelines may be set by the administering Rideshare Program based on:

   a. Knowledge of the applicant’s history as a vanpool operator or passenger.
   b. Market factors.
   c. Funding limitations.
   d. Collective experience of the vanpools in the region.

11. A vanpool owner/operator may apply for assistance only if no more than 46% of the total van ridership had been in another vanpool that received financial assistance in the past 12 months from either a State, public jurisdiction, or other funding source.

12. Previously, vanpools were required to originate in the jurisdiction providing the financial subsidy. However, these revised guidelines and the Employer Services Program make it possible for vanpools to terminate in the jurisdiction that may provide the financial assistance, provided that the vanpool is a ridesharing vanpool serving a local employer and that no funding is available from the Ridesharing agency at the point of origin.

   a. Assistance will be determined by the Rideshare Manager in the jurisdiction providing the subsidy.
   b. PRTC OmniMatch will insure that two jurisdictions or funding sources are not providing a subsidy to the same vanpool in a single funding period. If there is a question regarding funding/assistance, the concerned jurisdictions will determine which agency may or may not provide the assistance.

13. The PRTC Ridesharing Manager will determine the amount of assistance per passenger seat using the following as a guide:
Eligible vanpools may receive cash assistance up to the following maximums:

<table>

<th>Maximum Seat Assistance First Month</th>

14. The assistance may be based on the average cost per passenger seat excluding the driver for all vanpools registered in the Rideshare database operating within comparable distance and market parameters.

15. Each month the vanpool owner/operator must submit to the Rideshare Manager an updated passenger list along with a Rideshare matchlist from the previous month showing comments regarding the viability of each person listed as a potential passenger. The matchlists will include the appropriate signature attesting that all applicants have been contacted.
