

**OmniRide** and **GMU** invite you to attend our February Employer Working Group meeting (**BYO Brown Bag Lunch**) to further discuss the commute tracking app that we first brainstormed at our October 3rd meeting, and discussed in more detail at our December 11<sup>th</sup> meeting. At the December meeting, Tonia Jacobson provided an overview of her white paper feasibility study which led to a discussion of existing technology that we may be able to leverage. To that end, I have invited Amir Shahpar (VDOT) to attend our upcoming meeting to give us an overview and demonstration of the Streetlight program and how it may apply to the Commuter app. Additional topics for discussion include:

- Other potential technology solutions
- Privacy concerns
- Employer recruitment/engagement – how to spread the word and get “buy-in”
- Potential stumbling blocks

**Date:** Wednesday, February 12<sup>th</sup>, 2020
