IV. GENERAL TERMS AND CONDITIONS

IV.1 Bid and Contract Requirements

This IFB plus the resulting bid and contract shall be consistent with and governed by the Virginia Public Procurement Act, Va. Code §§ 2.2-4300 *et seq.* In the event of an inconsistency between the solicitation and the selection requirements set forth in this IFB versus those set forth in the Virginia Public Procurement Act, the inconsistency shall be resolved by giving precedence to the solicitation and selection requirements of the Virginia Public Procurement Act.

PRTC will provide a contract for execution by the Successful Contractor – a sample contract containing these provisions is included as **Attachment F**. Successful Contractors will not use their own standard contracts for this engagement.

IV.2 Obligation of Prospective Contractor

By submitting a bid, the Prospective Contractor agrees that it has satisfied itself from a personal investigation of the conditions to be met, that the obligations herein are fully understood, and no claim may be made, nor will there be any right to cancellation or relief from the Contract because of any misunderstanding or lack of information.

IV.3 Qualification of Bidders

The Prospective Contractor must demonstrate to the satisfaction of PRTC that it has the necessary experience, skilled personnel, and financial resources to perform the services required under this solicitation. Qualified contractors shall have substantial recent experience in providing similar services on a scale equal to or greater than what PRTC is requesting and meet the following requirements:

- Receive high praise from past clients for quality of work, timely delivery, and fair and equitable handling of change orders.
- Employ, or have the ability to hire, the necessary complement of personnel to complete all work in the specified time.

PRTC may make such reasonable investigations as deemed proper and necessary to determine the competency and financial stability of the Bidder to perform the contract. The Bidder shall furnish to PRTC such information and data for this purpose as may be requested. PRTC reserves the right to inspect the Prospective Contractor's physical plant prior to award to satisfy questions regarding the Prospective Contractor's capabilities.

If, after the investigation, the evidence of competency and financial stability is not satisfactory, in the sole opinion of PRTC, PRTC reserves the right to reject the bid.

IV.4 Additional Information

PRTC reserves the right to ask any Prospective Contractor to clarify its offer.

IV.5 Qualification Acceptance Period

The bid and any modification thereof shall be binding upon the Prospective Contractor for 90 calendar days following the bid due date. Any bid for which the Prospective Contractor shortens the acceptance period may be rejected. At the end of that time, the Prospective Contractor may retract its bid by giving written notice to PRTC.

IV.6 Delays in Award

Delays in award of a contract, beyond the anticipated starting date, may result in a change in the contract period indicated in the solicitation. If this situation occurs, PRTC reserves the right to award a contract covering the period equal to or less than the initial term indicated in the solicitation.

IV.7 Award for All or Part

Unless otherwise specified, PRTC may, if it is in the best interest of PRTC to do so, award all or part of the bid to any Prospective Contractor whose bid is the most responsible and responsive and whose bid meets the requirements and criteria set forth in the Request for Bid with respect to the items in question.

IV.8 Rejection of Bids

PRTC expressly reserves the right to reject any or all bids or any part of a bid, and to re-solicit the services in question, if such action is deemed to be in PRTC's best interest. PRTC will not compensate Bidders for the cost of bid preparation whether or not an award is consummated.

IV.9 Single Bid

If a single conforming bid is received, a price and/or cost analysis of the Bid shall be made by PRTC. A price analysis is the process of examining and evaluating a prospective price without evaluation of the separate cost element. It should be recognized that a price analysis through comparison to other similar contracts should be based on an established or competitive price of the elements used in the comparison. The comparison shall be made to the cost of similar projects and involve similar specifications.

IV.10 Inspection of Bids

The Virginia Freedom of Information Act, §§ 2.2-3700 *et seq.* shall govern the release of public records related to the Contract. Trade secrets or proprietary information related to procurement

may not be subject to public disclosure, provided the requirements at Va. Code § 2.2-4342.F. are met.

IV.11 Protest of Award

A Prospective Contractor who wants to protest an award or a decision to award a contract must submit the protest, in writing, to PRTC no later than 10 days after either the decision to award or the award, whichever occurs first. The protest must include the basis for the protest and the relief sought. Within 10 days after receipt of the protest, the Executive Director of PRTC will issue a written decision stating the reasons for the action taken. This decision is final. Further action, by a Prospective Contractor, may be taken by instituting action as provided by the Code of Virginia.

IV.12 Protest Policy

PRTC policy and procedure for the administrative resolution of protest is set forth in §3.8 of the PRTC/VRE Public Procurement Policy and Procedures Manual (Procurement Manual). The Procurement Manual contains rules for the filing and administration of protests. The Contract Administrator shall furnish a copy of §3.8 upon request.

IV.13 Debarment Status

The Commonwealth Transportation Board's Policy of Debarment, dated January 1, 1987, shall apply with the exception that the debarment period shall be for a period of up to thirty-six (36) months. By submitting a bid, the Prospective Contractor certifies that it is not currently debarred from submitting bids on contracts by any agency of the Commonwealth of Virginia, nor is an agent of any person or entity that is currently debarred from submitting bids or contracts by any agency of the Commonwealth of Virginia.

IV.14 Anti-Discrimination

By submitting a bid, the Prospective Contractor certifies to PRTC that it will conform to the provisions of Title VI of the Federal Civil Rights Act of 1964, as amended; DOT regulations, "Nondiscrimination in Federally-Assisted Programs of the Department of Transportation" -- Effectuation of Title VI of the Civil Rights Act; the Virginia Fair Employment Act of 1975, as amended, where applicable; all requirements of Title VIII of the Civil Rights Act of 1964, as amended, 42 U.S.C. § 20003, and 49 U.S.C. § 4332 and any implementing requirements FTA may issue; the provisions of 49 U.S.C. § 5332, "Nondiscrimination in Federal Transit Programs," which prohibits discrimination on the basis of race, color, creed, national origin, sex, or age, and prohibits discrimination in employment or business opportunity; and Va. Code § 2.2-4311 of the Virginia Public Procurement Act.

IV.15 Insurance

PRTC will require the Contractor to purchase and maintain insurance coverage to the levels described in this section. A description of the proposed insurance as specified below, including

insurance carrier names and policy numbers, should be included in the Bidder's technical bid. The cost of insurance should be shown by line of coverage.

A checklist of required insurance coverage is attached and identified as Insurance Checklist (**Attachment E**). Items marked "X" are required to be provided. If such insurance is incomplete, provide a letter from your insurance agent stating that the Bidder is eligible to obtain insurance to the prescribed limits should a Contractual offer be extended.

PRTC may require that insurance be raised due to change orders to this Contract and/or execution of "Options." At no time shall the insurance coverage be less than required.

The Successful Contractor agrees to include the provisions of the foregoing clause in every subcontract or purchase order so that the provisions shall be binding upon each subcontractor or vendor.

In addition to the terms and provisions set forth above, the Successful Contractor shall be required to provide evidence of the minimum coverage described in **Attachment E**, Insurance Checklist. No contract shall be finalized, and no work shall commence until PRTC's insurance requirements are met. The Successful Contractor shall comply with the insurance requirements set forth in the following numbered paragraphs, plus the coverage and limits indicated on **Attachment E**, Insurance Checklist. Technical proposals must note any desired exceptions to the insurance coverage, which may include the submission of proposed alternatives.

a. The firm shall be responsible for its work and every part thereof, and for all materials, equipment, and property of any and all description used in connection therewith. The firm assumes all risks of direct and indirect damage or injury to any person or property wherever located, resulting from any action, omission, commission, or operation under the contract, or in connection in any way whatsoever with the contracted work.

b. The firm shall, during the continuance of all work under the contract provide and agree to maintain the following unless omitted from the attached "Insurance Checklist":

i. Workers' Compensation and Employers' Liability insurance under the Commonwealth of Virginia statutory requirements, to protect the firm from any liability or damages for any injuries (including death and disability) to any and all of its employees, volunteers, or subcontractors, including any and all liability or damage which may arise by virtue of any statute or law in force within the Commonwealth of Virginia, or which may be hereinafter enacted.

ii. General Liability insurance in the amount prescribed by PRTC, to protect the Contractor, its subcontractors, and the interest of PRTC, against any and all injuries to third parties, including bodily injury and personal injury, wherever located, resulting from any action or operation under the Contract or in connection with the contracted work. The General Liability insurance shall also include the Broad Form General Liability endorsement, in addition to

coverage for explosion, collapse, and underground hazards, where required. Completed Operations Liability coverage shall continue in force for one year after completion of work.

iii. Automobile Liability insurance, including property damage, covering all owned, non-owned, borrowed, leased, or rented vehicles operated by the Successful Contractor. In addition, all mobile equipment used by the Successful Contractor in connection with the contracted work shall be insured under either a standard Automobile Liability policy, or a Commercial General Liability policy.

c. Liability insurance may be arranged by General Liability and automobile Liability policies for the full limits required, or by a combination of underlying Liability policies for lesser limits with the remaining limits provided by an Excess or Umbrella Liability policy.

d. The Successful Contractor agrees to provide insurance issued by companies admitted within the Commonwealth of Virginia, with the Best's Key Rating of at least A: VI.

e. The Successful Contractor will provide an original, signed Certificate of Insurance, showing PRTC as an additional insured, evidencing such insurance and such endorsements as prescribed herein, and shall have it filed with the PRTC Executive Director before a contract is executed and any work is started.

f. The Successful Contractor will secure and maintain all insurance policies of its subcontractors, which shall be made available to PRTC on demand.

g. The Successful Contractor will provide on demand, certified copies of all insurance coverage on behalf of the Contract within ten (10) business days of demand by PRTC. These certified copies shall be sent to PRTC from the Contractor's insurance agent or representative.

h. No change, cancellation, or non-renewal shall be made in any insurance coverage without a 30-day written notice to the PRTC Executive Director. The Successful Contractor shall furnish a new certificate prior to any change or cancellation date. The failure of the Contractor to deliver a new and valid certificate will result in suspension of all payments until the new certificate is furnished to the PRTC Executive Director.

i. Insurance coverage required in these specifications shall be in force throughout the Contract term. Should the Successful Contractor fail to provide acceptable evidence of current insurance within five days of written notice at any time during the Contract term, PRTC shall have the absolute right to terminate the Contract without any further obligation to the Successful Contractor, and the Successful Contractor shall be liable to PRTC for the entire additional cost of procuring the incomplete portion of the Contract at time of termination.

j. Compliance by the Successful Contractor and all subcontractors with the foregoing requirements as to carrying insurance shall not relieve the Successful Contractor and all subcontractors of their liabilities and obligations under this hearing or under any other section or provisions of the Contract.

- k. Contractual and other Liability insurance provided under the Contract shall not contain a supervision, inspection, or services exclusion that would preclude PRTC from supervising and/or inspecting the project as to the end result. The Successful Contractor shall assume all on-the-job responsibilities as to the control of persons directly employed by it and of the subcontractors and any person employed by the subcontractor.
- l. Nothing contained herein shall be construed as creating any contractual relationship between the subcontractor and PRTC. The Successful Contractor shall be as fully responsible to PRTC for the acts and omissions of the subcontractors and of persons employed by them as it is for acts and omissions of persons directly employed by it.
- m. Precaution shall be exercised at all times for the protection of persons (including employees) and property.
- n. The Successful Contractor and all subcontractors and sub-subcontractors shall comply with the Occupational Safety and Health Act of 1970, Public Law 91-956, as it may apply to the Contract.
- o. If the Successful Contractor does not meet the specifications of these insurance requirements, alternate insurance coverage, satisfactory to the PRTC Executive Director, may be considered.
- p. PRTC shall be named an additional insured in the General Liability policies and stated so on the Certificate.

V. INSTRUCTIONS TO BIDDERS

V.1. General

The following general information is provided to all bidders to facilitate the preparation of suitable bids for the goods or services identified in this IFB, and the requirements set forth shall be binding on all bidders.

Bids must be based on the entire bid set and nothing else, and bidders are expected to take into consideration that the bid set, including any contract which is a part of the Invitation, will constitute the terms of the bargain between PRTC and the successful bidder. Where a contract is provided, it is intended that it shall incorporate the terms and conditions of the bid, rendering further reference to the bid set unnecessary.

PRTC is not at liberty to change the terms of the bargain after the opening of bids. Where questions and discussions prior to bid opening disclose a need for additional information or amendments, appropriate addenda to the IFB will be prepared and distributed so that all bidders will be offering price quotes based on the same information and specifications.

The PRTC Executive Director may extend the date and time for opening of bids if he believes it is necessary.

V.2 Bid Format

One (1) copy of the Bid Submission Package including the required forms must be returned.

The Bid Submission Package should include the following:

- a. Title Page – show the name of the Bidder’s firm, local address, telephone number, name of contact person and date.
- b. Letter of Transmittal summarizing the bid and noting exceptions (if any).
- c. A written statement giving the name and address of all proposed subcontractors, the portion of the work and materials which the proposed subcontractors are to perform and any other information which indicates the proposed subcontractors have the necessary facilities, skills, integrity, past experience and financial resources to perform the work.
- d. Required Bid Submission Forms as listed below:
 1. Pricing Schedule (**Attachment B**)
 2. Reference Form (**Attachment C**)

3. IFB Submission Form (**Attachment D**)
4. Insurance Checklist and Bidder & Insurance Agent Statement (**Attachment E**)

Additionally, Bidders may submit other materials describing their company, qualifications, etc.

Vendors can respond to PRTC's solicitations by submitting bids and proposals in paper and also in electronic format, using the Commonwealth of Virginia electronic procurement portal. eVA is Virginia's online, electronic procurement system. Paper bids shall be submitted in a sealed package which clearly identifies the Project or procurement name, the name of the bidder, the due date and time of the bid opening and plainly states that the bid is not to be opened until bid opening. The bidder assumes the risk that an envelope not properly marked will be mistakenly opened, and thus may be rendered ineligible for consideration. The PRTC Executive Director or his representative(s) shall not be responsible for the premature opening of a bid not properly addressed and identified as specified herein.

V.3 Completeness

All information required by the IFB must be supplied in order for the bid to be considered complete. Inadequate information may require disqualification of the bid. Bids cannot ordinarily be modified after they are opened. Any modifications not expressly provided for in the Invitation may require rejection of the bid.

V.4 Net Prices

Bid prices, unless otherwise specified, must be net, including transportation and handling charges fully prepaid by the contractor to destination, and subject only to any discount for prompt payment that may be provided in this Invitation.

V.5 Tax Exemption

PRTC is exempt from the payment of any Federal excise or any Virginia sales tax. However, when under established trade practice any Federal excise tax is included in the list price, the bidder may quote the list price and shall show separately the amount of Federal tax, as a flat sum, which shall be deducted by PRTC.

V.6 Only Authorized Parties to Sign

Each bid, and any contract, must be signed by a person authorized to bind the bidder to a valid Contract with PRTC. The PRTC Executive Director may require that any bidder submit powers of attorney or other appropriate documentation showing the authority of the signature to act on the Contractor's behalf. If, whether such proof of agency has been

demanded or not, it later appears that the signatory was not authorized to act, PRTC may declare the Contract void if it is in its best interests to do so.

V.7 Time for Submission of Bids

Written sealed bids for the goods or services identified must be submitted not later than the date and time set forth elsewhere in this IFB.

V.8 Return of Bid Package

If a prospective Bidder is unable to submit a bid in response to this IFB, the bidder should return the IFB with a statement as to why the bidder is unable to bid. Because of the large number of firms listed on PRTC's qualified list of bidders, it is necessary to delete from these lists the names of those persons, firms or corporations who fail to respond after having been invited to bid on three successive solicitations. Furthermore, PRTC is interested in learning whether problems with the bid process have discouraged responses.

V.9 Bidders Present

Contents of bids (price schedule) will be made public at the time fixed for the opening of bids. Bidders are strongly encouraged to attend all openings, and to offer constructive suggestions for improvements to bid procedures, format, or other matters.

V.10 Evaluation of Bids

Bids shall be evaluated on the basis of those requirements which are set forth in the IFB, the Specifications, and the requirements of these General Provisions, any Special Provisions, and the Virginia Public Procurement Act. Bids shall be awarded to the lowest responsive and responsible bidder as set forth in Va. Code § 2.2-4318.

V.11 Competency of Bidder

No bid will be accepted from, or contract awarded to any person, firm, or corporation that is in arrears, or is in default to PRTC upon any debt or contract, or that has defaulted as surety or otherwise upon any obligation to PRTC. The bidder, if requested, must present within forty-eight (48) hours evidence satisfactory to the PRTC Executive Director of performance ability, and possession of necessary facilities, pecuniary resources, and adequate insurance to comply with the terms of these Specifications and contract documents.

V.12 Waiver of Informalities or Irregularities

The PRTC Executive Director is authorized to waive any irregularity or informality in any bid; provided, however, bids or amendments which are received after the time specified for the opening of bids will be neither opened nor considered.

V.13 Withdrawals of Bids

Withdrawal of bids is strictly governed by Va. Code § 2.2-4330. If a bid may be lawfully withdrawn under that section, notice of withdrawal must be provided in writing within two (2) business days after the bid opening.

V.14 One Responsive and Responsible Bid

When only one responsive and responsible bid is received, the IFB may be cancelled and items rebid, unless the PRTC Executive Director determines the price bid is reasonable and in the best interests of PRTC, on the basis of price comparison, value analysis, prior price history, an engineering estimate, or other method which establishes the reasonableness of the price bid.

When the PRTC Executive Director personally determines that the above methods of establishing price reasonableness are not feasible, he may enter into negotiations with the single responsible and responsive bidder. Such negotiations shall consist of detailed discussions with regard to the cost of labor, materials, overhead and profit. The PRTC Executive Director shall establish a detailed cost/price objective that he determines to be in the best interest of PRTC, prior to the initiation of negotiations.

Any bidder who is a party to such negotiations shall be required to certify that its price proposal is complete, current, and accurate prior to the initiation of such negotiations.

A record of negotiations shall be prepared upon the completion thereof, which shall detail the most significant considerations which resulted in the agreed upon Contract price.

V.15 Cancellation of the Invitation for Bid

Virginia Code § 2.2-4319, permits the PRTC Executive Director to cancel any solicitation if it is in the best interest of PRTC to do so.

Bids received at PRTC after the date and time prescribed will not be considered for Contract award and will be returned to the Bidder. The names of the Bidders submitting bids will be available after the bid closing time and date.

SECTION II

GENERAL PROVISIONS

II.1 Assignability of Contract

Neither this Contract, nor any part hereof, may be assigned by the Contractor to any other party without the prior express written permission of PRTC.

II.2 Modifications or Changes to the Contract

All modifications and changes to the Contract shall be in writing.

The PRTC Executive Director shall, without notice to any sureties, have the authority to order changes in this Contract which affect the cost or time of performance. Such changes shall be ordered in writing specifically designated to be a "Change Order." Such orders shall be limited to reasonable changes in the services to be performed or the time of performance; provided that the Contractor shall not be excused from performance under the changed contract by failure to agree to such changes, and it is the express purpose of this provision to permit unilateral changes in the Contract subject to the conditions and limitations herein.

The Contractor need not perform any work described in any change order unless it has received a certification from PRTC that there are funds budgeted and appropriated sufficient to cover the cost of such changes.

The Contractor shall make a demand for payment for completed changed work within 30 days of receipt of a change order, unless such time period is extended in writing, or unless the Executive Director requires submission of a cost proposal prior to the initiation of any changed work or supplies. Later notification shall not bar the honoring of such claim or demand unless PRTC is prejudiced by such delay.

No claim for changes ordered hereunder shall be considered if made after final payment in accordance with the Contract.

II.3 Employment Discrimination

1. During the performance of this Contract, the Contractor agrees as follows:

- a. The Contractor will not discriminate against any employee or applicant for employment because of race, religion, color, sex, sexual orientation, gender identity, national origin, age, disability, status as a service-disabled veteran, or any other basis prohibited by state law relating to discrimination in employment, except where there is a bona fide occupational qualification reasonably necessary to the normal operation of the

Contractor. The Contractor agrees to post in conspicuous places, available to employees and applicants for employment notices setting forth the provision of this nondiscrimination clause.

b. The Contractor, in all solicitations or advertisements for employees placed by or on behalf of the Contractor, will state that such Contractor is an equal opportunity employer.

c. Notices, advertisements, and solicitations placed in accordance with Federal law, rule, or regulation shall be deemed sufficient for the purpose of meeting the requirements of this section.

2. The Contractor will include the provisions of the foregoing paragraphs a, b, and c in every subcontract or purchase order over \$10,000, so that the provisions will be binding upon each subcontractor or contractor.

II.4 Drug-free Workplace to be Maintained by Contractor

During the performance of this Contract, the Contractor agrees to (i) provide a drug-free workplace for the Contractor's employees; (ii) post in conspicuous places, available to employees and applicants for employment, a statement notifying employees that the unlawful manufacture, sale, distribution, dispensation, possession, or use of a controlled substance or marijuana is prohibited in the Contractor's workplace and specifying the actions that will be taken against employees for violations of such prohibition; (iii) state in all solicitations or advertisements for employees placed by or on behalf of the Contractor that the Contractor maintains a drug-free workplace; and (iv) include the provisions of the foregoing clauses in every subcontract or purchase order over \$10,000, so that the provisions will be binding upon each subcontract or contractor.

For the purposes of this section, "drug-free workplace" means a site for the performance of work done in connection with a specific Contract awarded to a Contractor in accordance with this chapter, the employees of whom are prohibited from engaging in the unlawful manufacture, sale, distribution, dispensation, possession, or use of any controlled substance or marijuana during the performance of this Contract.

II.5 Claims/Disputes

Contractual Disputes and Claims: In accordance with Va. Code § 2.2-4363, this provision shall be followed for consideration and handling of all disputes and claims by the Contractor under this Contract. Va. Code § 2.2-4365 is not applicable to this Contract. Under no circumstances is this section an administrative appeals procedure governed by Va. Code § 2.2-4365.

Notice of the intent to submit a claim setting forth the basis for any claim shall be submitted in writing within ten (10) business days after the occurrence or the event giving rise to the claim or within ten (10) business days of discovering the condition giving rise to the claim, whichever is

later. In no event shall any claim arising out of this Contract be filed after submission of the request for Final Payment by the Contractor.

Claims by the Contractor with respect to this Contract shall be submitted in writing in the first instance for consideration by the Contract Administrator. The decision of the Contract Administrator shall be rendered in writing within 30 calendar days from the receipt of the claim from the Contractor. If the Contractor is not satisfied with the decision or resolution of the Contract Administrator, the Contractor may file a formal dispute with regard to the claim with the PRTC Executive Director within 30 calendar days of the decision of the Contract Administrator. The Executive Director shall reduce his/her decision to writing and shall mail or otherwise furnish a copy of its decision to the Contractor within 30 days of the receipt of the claim from the Contractor. The decision of the Executive Director shall be final and binding.

Should any decision-maker designated under this procedure fail to make a decision on a claim within the time period specified, then the claim is deemed to have been denied by the decision-maker. Pending a final determination of a claim, the Contractor shall proceed diligently with the performance of the work under this Contract.

In accordance with the provisions of Va. Code § 2.2-4363, full compliance with the disputes and claim resolution procedure set forth in this Section shall be a precondition of the filing of any lawsuit by the Contractor against the Commission arising out of the Contract.

II.6 Termination for Convenience of the Potomac and Rappahannock Transportation Commission

The parties agree that PRTC may terminate this Contract, or any work or delivery required hereunder, from time to time either in whole or in part, whenever the PRTC Executive Director shall determine that such termination is in the best interests of PRTC.

Termination, in whole or in part, shall be affected by delivery of a Notice of Termination signed by the Executive Director or his designee, mailed or delivered to the Contractor, and specifically setting forth the effective date of termination.

Upon receipt of such Notice, the Contractor shall:

1. cease any further deliveries or work due under this Contract, on the date, and to the extent, which may be specified in the Notice;
2. place no further orders with any subcontractors except as may be necessary to perform that portion of this Contract not subject to the Notice;
3. terminate all subcontracts except those made with respect to Contract performance not subject to the Notice;

4. settle all outstanding liabilities and claims which may arise out of such termination, with the ratification of the Executive Director; and

5. use its best efforts to mitigate any damages which may be sustained by it as a consequence of termination under this clause.

After complying with the foregoing provisions, the Contractor shall submit a termination claim, in no event later than six (6) months after the effective date of its termination, unless an extension is granted by the Executive Director.

PRTC shall pay reasonable costs of termination, including a reasonable amount for profit on supplies or services delivered or completed. In no event shall this amount be greater than the original Contract price, reduced by any payments made prior to Notice of Termination and further reduced by the price of the supplies not delivered, or the services not provided. This Contract shall be amended accordingly, and the Contractor shall be paid the agreed amount.

In the event that the parties cannot agree on the whole amount to be paid to the Contractor by reason of termination under this clause, PRTC shall pay to the Contractor the amounts determined as follows, without duplicating any amounts which may have already been paid under the preceding paragraph of this clause:

1. With respect to all Contract performance prior to the effective date of Notice of Termination, the total of:

a. cost of work performed or supplies delivered;

b. the cost of settling and paying any reasonable claims as provided in subparagraph (4) above;

c. a sum as profit on (a) determined by the Executive Director to be fair and reasonable.

2. The total sum to be paid under (a) above shall not exceed the Contract price, as reduced by the number of payments otherwise made, and as further reduced by the Contract price of work or supplies not provided. In the event that the Contractor is not satisfied with any payments, which the Executive Director shall determine to be due under this clause, the Contractor may appeal any claim in accordance with the "Claims and Disputes" clause of this Contract.

The Contractor shall include similar provisions in any subcontract and shall specifically include a requirement that subcontractors make all reasonable efforts to mitigate damages which may be suffered. Failure to include such provisions shall bar the Contractor from any recovery from PRTC whatsoever of loss or damage sustained by a subcontractor as a consequence of termination for convenience.

II.7 Termination for Default

Either party may terminate this Contract, without further obligation, for the default of the other party or its agents or employees with respect to any agreement or provision contained herein.

II.8 Examination of Records

The Contractor agrees that PRTC, or any duly authorized representative, shall, until the expiration of three (3) years after final payment hereunder, have access to and the right to examine and copy any directly pertinent books, documents, papers and records of the Contractor involving transactions related to this Contract.

The Contractor further agrees to include in any subcontract for more than \$10,000 entered into as a result of this Contract, a provision to the effect that the subcontractor agrees that PRTC or any duly authorized representative shall, until the expiration of three (3) years after final payment under the subcontract, have access to and the right to examine and copy any directly pertinent books, documents, papers and records of such Contractor involved in transactions related to such subcontract, or this Contract. The term "subcontract" as used herein shall exclude subcontracts or purchase orders for public utility services at rates established for uniform applicability to the general public. The period of access provided herein for records, books, documents and papers which may relate to any arbitration, litigation, or the settlement of claims arising out of the performance of this Contract or any subcontract shall continue until any appeals, arbitration, litigation or claims shall have been finally disposed of.

II.9 Termination for Non-Appropriation of Funds

If funds are not appropriated for any succeeding fiscal year subsequent to the one in which this Contract is entered into, for the purposes of this Contract, then PRTC may terminate this Contract upon thirty (30) calendar days prior written notice to the Contractor. Should termination be accomplished in accordance with this Section, PRTC shall be liable only for payments due through the date of termination.

II.10 Payments to Subcontractors

In the event that the Contractor utilizes a subcontractor for any portion of the work under this Contract, the Contractor hereby agrees to:

1. The Contractor shall take one of the two following actions within seven (7) business days after receipt of amounts paid to the Contractor by PRTC for work performed by a subcontractor under the Contract.
 - a. Pay a subcontractor for the proportionate share of the total payment received from PRTC attributable to the work performed by that subcontractor under the Contract; or

b. Notify PRTC and any subcontractors, in writing, of its intention to withhold all or a part of the subcontractor's payment with the reason for nonpayment.

c. The prime contractor agrees further to return retainage payments to each subcontractor within seven (7) business days after subcontractor's work is satisfactorily completed. Work is satisfactorily completed when all the tasks called for in the subcontract have been accomplished and documented as required.

2. The Contractor shall be obligated to pay interest to a subcontractor on all monies owed by the Contractor that remain unpaid after seven (7) business days following receipt by the Contractor of payment from PRTC for work performed by a subcontractor under the Contract, except for amounts withheld under subsection 1.b. of this section. The Contractor's obligation to pay an interest charge to a subcontractor pursuant to the provisions of this section may not be construed as an obligation by PRTC. A contract modification may not be made for the purpose of providing reimbursement for any such interest charge. A cost reimbursement claim may not include any amount for reimbursement for such interest charge.

3. Unless otherwise provided under the terms of this Contract, interest shall accrue at the rate of one percent (1%) per month.

4. The Contractor is hereby required to include in each of its subcontracts a provision requiring each subcontractor to otherwise be subject to the same payment and interest requirements set forth in subsection 2 and 3 of this section with respect to each lower-tier subcontractor.

II.11 Ethics in Public Contracting

The Contractor hereby certifies that it has familiarized itself with Article 6 of Title 2.2 of the Virginia Public Procurement Act, Va. Code §§ 2.2-4367 through 2.2-4377, and that all amounts received by it, pursuant to this Procurement, are proper and in accordance therewith.

II.12 Governing Law and Forum

This Contract and any disputes hereunder shall be governed by the Constitution and laws of the Commonwealth of Virginia. Any legal action arising out of or related to this Contract shall be filed in a state court located in Prince William County, Virginia, or the United States District Court for the Eastern District of Virginia, Alexandria Division, to the exclusion of the courts of any other jurisdiction.

II.13 Integration

This Contract shall constitute the whole agreement between the parties. There are no promises, terms, conditions or obligations other than those contained herein, and this Contract shall supersede all previous communications, representations or agreements, written or verbal, between the parties hereto.

II. 14 Force Majeure

If either party to this Contract is rendered unable, wholly or in part, to carry out its obligations under this Contract in a timely manner by reason of some cause beyond the control and without the fault or negligence of the Party that amounts to Force Majeure, such party shall give to the other party prompt written notice within in five (5) business days thereof with reasonably full particulars, and if undisputed, the obligation of the party giving notice to perform its obligations shall be suspended during, but no longer than, the continuance of the Force Majeure, and such party shall act diligently to remove the Force Majeure as soon as practical and to reschedule the work or take such other action as is reasonable necessary to mitigate any delay.

For the purposes of this section, Force Majeure shall mean:

- (a) An act of way, whether or not declared, civil war, insurrection, riot, acts of terrorism, or any condition incident to the foregoing.
- (b) Acts of the Federal or State government or the entry of a court order, intended to, or having the effect of stopping or delaying the work.
- (c) An Act of God which for the purposes of this section shall mean an earthquake, flood, cyclone, or other cataclysmic phenomenon of nature or pandemic beyond the power of the party to foresee or make preparation in defense of. The performance of the work shall not be adjusted for normal inclement weather.

II.15 Immigration and Control Act of 1986

Pursuant to Va. Code § 2.2-43311.1, the Contractor certifies that it does not, and shall not during the performance of the Contract, knowingly employ an unauthorized alien as defined in the federal Immigration Reform and Control Act of 1986.
