## **III. SCOPE OF WORK**

---

### **III.1 Purpose**

The Potomac and Rappahannock Transportation Commission (PRTC) is seeking a contractor to provide site development and construction services for various bus stop and bus shelter locations, throughout Prince William County, Town of Dumfries, and the Cities of Manassas and Manassas Park. The successful contractor must meet federal compliance requirements for this solicitation.

### **III.2 Background/Overview**

PRTC developed the bus shelter program to provide our passengers with amenities and protection from the elements while waiting for the bus. To ensure that all our bus shelters provide our passengers with a safe waiting area, PRTC selects locations for bus shelter replacements that are beyond their useful life or have been determined to no longer be structurally sound. PRTC will also, at times, select new locations for the placement of a bus shelter based on ridership needs.

PRTC currently has seventy-one (71) bus shelters installed throughout Prince William County, with an additional twenty (20) bus shelters in inventory awaiting installation. PRTC is anticipating site development and construction for approximately twelve (12) bus shelters, and twelve (12) bus stops per fiscal year. However, the number of bus shelters and bus stops needing site development and construction per fiscal year may vary due to many factors including, but not limited to weather, bus service changes, available funding, etc. Site locations vary in design and site plans will be based on Virginia Department of Transportation's (VDOT) accessibility guidelines.

Additionally, to meet the evolving needs of our passengers, the agency, and changes in building codes, there is a need for PRTC to install new bus stops and upgrade existing bus stops throughout the service area.

### **III.3 General Requirements**

- A. PRTC requests the contractor to construct bus shelter pads, bench pads, loading zones, and site improvements per site plans and approved construction documents to be provided by PRTC's Engineer of Record. Site plans and Construction Documents will vary by location.
- B. The contractor shall construct sidewalks and pathways per Virginia Department of Transportation's (VDOT) "Complete Streets" guidelines, where indicated on site plans and construction documents.
- C. The contractor shall construct retaining walls as indicated on approved construction and site plans. Retaining walls will not be required for all locations.
- D. The contractor is responsible for all concrete and soil testing required for the duration of construction. All testing shall be conducted by an ACI/ASCE certified laboratory.
- E. The contractor shall remove and dispose of existing bus shelters, amenities, concrete, etc., prior to construction.

### **III.4 Contract Responsibilities**

- A. The contractor shall submit a project timeline to be approved by PRTC within seven (7) business days from receipt of Notice to Proceed.
- B. All work shall be completed Monday through Friday in accordance with local ordinances for each location.
- C. All communication between the contractor and PRTC shall be in writing.
- D. The contractor is responsible for all material, supplies, supervision, equipment, transportation, and labor, needed to complete the Project.
- E. The contractor is responsible for locating and marking underground utility lines prior to any disturbance at each location.
- F. PRTC's Engineer of Record will obtain and provide a copy of all Land Use Permits and Building Permits prior to construction.
- G. The contractor is responsible for securely fencing off the work zone to prevent pedestrian access until tasks are completed and the bus shelter and amenities have been installed.
- H. The contractor shall contact Prince William County Department of Public Works for approval after all construction and installations have been completed.
- I. The contractor will ensure all slopes, widths, and clearances meet the current Americans with Disabilities Act (ADA) and Public Rights-of- Way Access Guidelines (PROWAG) standards. 2021 Virginia Uniform Statewide Building Code (2021 VA USBC) lists 2017 ICC/ANSI A117.1 as the applicable code for accessibility standards.
- J. The contractor understands that no modifications can be made to site plan or construction documents without PRTC approval.
- K. The contractor shall provide as-built drawings and warranty information at time of completion.
- L. The contractor is responsible for the cleaning and removal of all debris in the surrounding work area, caused by construction activities.
- M. The contractor shall invoice monthly.
- N. The contractor shall be responsible for all required wall inspections for bus stop/shelter locations requiring the construction of a retaining wall.
- O. The contractor shall provide a copy of all soil and concrete test reports to PRTC.
- P. All work shall be done in a manner of workmanship that shall reflect full capabilities in the required trade and meet industry standards.

## IV. GENERAL TERMS AND CONDITIONS

---

### IV.1 Bid and Contract Requirements

This IFB plus the resulting bid and contract shall be consistent with and governed by the Virginia Public Procurement Act, Va. Code §§ 2.2-4300 *et seq.* In the event of an inconsistency between the solicitation and the selection requirements set forth in this IFB versus those set forth in the Virginia Public Procurement Act, the inconsistency shall be resolved by giving precedence to the solicitation and selection requirements of the Virginia Public Procurement Act.

Federal Funds will be used for this contract. Accordingly, all applicable federal and state requirements will apply. Prospective Contractors are expected to become familiar with requirements and should not submit bids if unable to execute a contract containing such provisions.

PRTC will provide a contract for execution to the Successful Contractor. A sample contract containing these provisions is included as **Attachment N**. Successful Contractors will not use their own standard contracts for this engagement. Federal requirements are subject to change; the Successful Contractor shall comply with the most current regulations. The Successful Contractor agrees that the most recent of such Federal requirements will govern the administration of the contract at any time during the contractor's performance, unless PRTC issues a written determination otherwise.

### IV.2 Obligation of Prospective Contractor

By submitting a bid, the Prospective Contractor agrees that it has satisfied itself from a personal investigation of the conditions to be met that the obligations herein are fully understood, and no claim may be made, nor will there be any right to cancellation or relief from the Contract because of any misunderstanding or lack of information.

### IV.3 Qualification of Bidders

The Prospective Contractor must demonstrate to the satisfaction of PRTC that it has the necessary experience, skilled personnel, and financial resources to perform the services required under this solicitation. Qualified contractors shall have substantial recent experience in providing similar services on a scale equal to or greater than what PRTC is requesting and meet the following requirements:

- Receive high praise from past clients for quality of work, timely delivery, and fair and equitable handling of change orders.
- Employ, or have the ability to hire, the necessary complement of personnel to complete all work in the specified time.

PRTC may make such reasonable investigations as deemed proper and necessary to determine the competency and financial stability of the Bidder to perform the contract. The Bidder shall furnish to PRTC such information and data for this purpose as may be requested. PRTC reserves the right to inspect the Prospective Contractor's physical location prior to award to satisfy questions regarding the Prospective Contractor's capabilities.

If, after the investigation, the evidence of competency and financial stability is not satisfactory, in the sole opinion of PRTC, PRTC reserves the right to reject the bid.

#### **IV.4 Additional Information**

PRTC reserves the right to ask any Prospective Contractor to clarify its offer.

#### **IV.5 Qualification Acceptance Period**

The bid and any modification thereof shall be binding upon the Prospective Contractor for ninety (90) calendar days following the bid due date. Any bid for which the Prospective Contractor shortens the acceptance period may be rejected. At the end of that time, the Prospective Contractor may retract its bid by giving written notice to PRTC.

#### **IV.6 Delays in Award**

Delays in the award of a contract beyond the anticipated starting date may result in a change in the contract period indicated in the solicitation. If this situation occurs, PRTC reserves the right to award a contract covering the period equal to or less than the initial term indicated in the solicitation.

#### **IV.7 Award for All or Part**

Unless otherwise specified, PRTC may, if it is in the best interest of PRTC to do so, award all or part of the bid to any Prospective Contractor whose bid is the most responsible and responsive and whose bid meets the requirements and criteria set forth in the Invitation for Bids with respect to the items in question.

#### **IV.8 Rejection of Bids**

PRTC expressly reserves the right to reject any or all bids or any part of a bid and to re-solicit the services in question if such an action is deemed to be in PRTC's best interest. PRTC will not compensate Bidders for the cost of bid preparation whether or not an award is consummated.

#### **IV.9 Single Bid**

If a single conforming bid is received, a price and/or cost analysis of the Bid shall be made by PRTC. A price analysis is the process of examining and evaluating a prospective price without evaluation of the separate cost element. It should be recognized that a price analysis through

comparison to other similar contracts should be based on an established or competitive price of the elements used in the comparison. The comparison shall be made to the cost of similar projects and involve similar specifications.

#### **IV.10 Inspection of Bids**

The Virginia Freedom of Information Act, §§ 2.2-3700 *et seq.* shall govern the release of public records related to the Contract. Trade secrets or proprietary information related to procurement may not be subject to public disclosure, provided the requirements at Va. Code § 2.2-4342.F. are met.

#### **IV.11 Protest of Award**

A Prospective Contractor who wants to protest an award or a decision to award a contract must submit the protest, in writing, to PRTC no later than ten (10) days after either the decision to award or the award, whichever occurs first. The protest must include the basis for the protest and the relief sought. Within 10 days after receipt of the protest, the Executive Director of PRTC will issue a written decision stating the reasons for the action taken. This decision is final. Further action, by a Prospective Contractor, may be taken by instituting action as provided by the Code of Virginia.

The Federal Transit Administration (FTA) will only review protests regarding the alleged failure of PRTC to have written protest procedures or to follow those procedures. Alleged violations on other grounds are under the jurisdiction of the appropriate state or local administrative or judicial authorities. Any party desiring to file a protest with the FTA should do so not later than five (5) days after a final decision is rendered under the PRTC's protest procedure. Further details regarding this process may be found in the FTA Circular C4220.1G, Chapter III, Section. 7.

#### **IV.12 Anti-Discrimination**

By submitting a bid, the Prospective Contractor certifies to PRTC that it will conform to the provisions of Title VI of the Federal Civil Rights Act of 1964, as amended; DOT regulations, "Nondiscrimination in Federally-Assisted Programs of the Department of Transportation" -- Effectuation of Title VI of the Civil Rights Act; the Virginia Fair Employment Act of 1975, as amended, where applicable; all requirements of Title VI of the Civil Rights Act of 1964, as amended, 42 U.S.C. § 20003, and 49 U.S.C. § 4332 and any implementing requirements FTA may issue; the provisions of 49 U.S.C. § 5332, "Nondiscrimination in Federal Transit Programs," which prohibits discrimination on the basis of race, color, creed, national origin, sex, or age, and prohibits discrimination in employment or business opportunity; and Va. Code § 2.2-4311 of the Virginia Public Procurement Act.

#### **IV.13 Debarment Status**

The Commonwealth Transportation Board's (CTB) Policy of Debarment, dated November 23, 2011, shall apply with the exception that the debarment period shall be for a period of up to thirty-six (36) months. By submitting a proposal, the Prospective Contractor certifies that it is not currently

debarred from submitting proposals on contracts by any agency of the Commonwealth of Virginia, nor is an agent of any person or entity that is currently debarred from submitting proposals or contracts by any agency of the Commonwealth of Virginia.

By submitting this proposal, the Prospective Contractor further certifies that it is not debarred, suspended, declared ineligible, or voluntarily excluded from participating in contracts with the federal government, and that it will refrain from awarding any subcontract to a debarred or suspended subcontractor. In addition, Successful Contractors agree to comply with the requirements of Executive Orders Nos. 12549 and 12689, "Debarment and Suspension," 31 USC Section §6101 note; and U.S. DOT regulations, "Government Debarment and Suspension (Non-procurement)," within 49 CFR Part 29.

For all contracts the prospective contractor shall submit to PRTC a signed "Certification of Primary Participants Regarding Debarment, Suspension, Other Ineligibility and Voluntary Exclusion," (**Attachment H**) and shall require all subcontractors to submit to the prospective contractor and PRTC such signed certifications.

#### **IV. 14 Prohibition Against the Use of Federal Funds for Lobbying**

The Contractor and all subcontractors agree to comply with the provisions of 31 U.S.C. § 1352, which prohibit the use of federal funds for lobbying any official or employee of any federal agency, or member or employee of Congress; and requires the recipient to disclose any lobbying of any official or employee of any federal agency, or member or employee of Congress in connection with federal assistance. In addition, no federal assistance funds shall be used for activities designed to influence Congress or State Legislature on legislation or appropriations, except through proper, official channels. The Contractor shall comply and assure the compliance of subcontractors at any tier with U.S. DOT regulations, "New Restrictions on Lobbying," 49 C.F.R. Part 20.

For contracts of \$100,000 or more, the Contractor shall submit to PRTC a signed "Certification of Restrictions on Lobbying," (**Attachment F**) and shall require all subcontractors with contracts of \$100,000 or more to submit to the Contractor and the PRTC such signed certifications.

#### **IV.15 Disadvantaged Business Enterprise (DBE)**

Each Prospective Contractor is required to submit the Disadvantaged Business Enterprise (DBE) Form (**Attachment G**) to PRTC along with its proposal. This submission does not require the Prospective Contractor to utilize DBEs in the performance of the contract, but the PRTC Bus Stop and Bus Shelter Construction services contract is among PRTC's federal participating contract, and it is expected that the contractor will provide subcontractors that can help meet PRTC's DBE goal. Where it is practicable for any portion of the awarded contract to be subcontracted, the contractor is encouraged to offer such business to small, minority and/or women-owned businesses. All DBE's proposed must be certified by the U.S. DOT, or Virginia Department of Small Businesses and Supplier Diversity (VDSBSD), or the Metropolitan Washington Airports Authority (MWAA). If the Prospective Contractor is not itself, nor plans to utilize an authorized DBE, the Prospective Contractor should write on the DBE Form "No DBE's" and submit the form.

The Successful Contractor and its subcontractors agree to ensure that disadvantaged business enterprises as defined in 49 C.F.R. Part 26 have a level playing field on which DBEs can compete fairly and participate fully in contracts and subcontracts financed as a whole or in part with federal funds provided under this agreement. In this regard, PRTC and its contractors shall take all necessary and reasonable steps in accordance with 49 C.F.R. Part 26 to ensure that disadvantaged business enterprises have a level playing field to compete for and perform contracts.

The PRTC and its contractors shall not discriminate on the basis of race, color, national origin or sex in the award and performance of contracts. The Successful Contractor cannot terminate a DBE subcontractor for convenience and then perform that work with its own forces or its affiliate. Failure by the contractor or his/her subcontractor to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or any other remedy as PRTC deems appropriate.

The Successful Contractor shall be required to submit a schedule of DBE use and payments made to DBEs on a biannual basis as determined by PRTC. The contractor is required to maintain records and documents of payments to DBE businesses for three (3) years following the performance of the contract and will make these records available to PRTC upon request.

The Successful Contractor, its agents, employees, assigns or successors, any persons, firms, or agency of whatever nature with whom it may contract or make agreement, in connection with the contract shall cooperate with PRTC in meeting its commitment and goals with regard to the creation of a level playing field of disadvantaged business enterprises. The parties to the contract shall use their best efforts to ensure that disadvantaged business enterprises shall have a level playing field to compete for subcontract work under this contract.

#### **IV.16 Insurance**

The Successful Contractor shall purchase and maintain insurance coverage to the levels described in this section. A description of the proposed insurance as specified below, including insurance carrier names and policy numbers, shall be included in Bidder's technical bid. The cost of insurance should be shown by line of coverage.

A checklist of required insurance coverage is attached and identified as Insurance Checklist (**Attachment E**). Items marked "X" are required to be provided. If such insurance is incomplete, provide a letter from your insurance agent stating that the Bidder is eligible to obtain insurance to the prescribed limits should a Contractual offer be extended.

PRTC may require that insurance be raised due to change orders to this Contract and/or execution of "Options." At no time shall the insurance coverage be less than required.

The Successful Contractor shall include the provisions of the foregoing clause in every subcontract or purchase order so that the provisions shall be binding upon each subcontractor or vendor.

In addition to the terms and provisions set forth above, the Successful Contractor shall be required to provide evidence of the minimum coverage described in **Attachment E**, Insurance Checklist. No contract shall be finalized, and no work shall commence until PRTC's insurance requirements are met. The Successful Contractor shall comply with the insurance requirements set forth in the following numbered paragraphs, plus the coverage and limits indicated on **Attachment E**, Insurance Checklist. Technical proposals must note any desired exceptions to the insurance coverage, which may include the submission of proposed alternatives.

a. The firm shall be responsible for its work and every part thereof, and for all materials, equipment, and property of any and all description used in connection therewith. The firm assumes all risks of direct and indirect damage or injury to any person or property wherever located, resulting from any action, omission, commission, or operation under the contract, or in connection in any way whatsoever with the contracted work.

b. The firm shall, during the continuance of all work under the contract provide and agree to maintain the following unless omitted from the attached "Insurance Checklist":

i. Workers' Compensation and Employers' Liability insurance under the Commonwealth of Virginia statutory requirements, to protect the firm from any liability or damages for any injuries (including death and disability) to any and all of its employees, volunteers, or subcontractors, including any and all liability or damage which may arise by virtue of any statute or law in force within the Commonwealth of Virginia, or which may be hereinafter enacted.

ii. General Liability insurance in the amount prescribed by PRTC, to protect the Contractor, its subcontractors, and the interest of PRTC, against any and all injuries to third parties, including bodily injury and personal injury, wherever located, resulting from any action or operation under the Contract or in connection with the contracted work. The General Liability insurance shall also include the Broad Form General Liability endorsement, in addition to coverage for explosion, collapse, and underground hazards, where required. Completed Operations Liability coverage shall continue in force for one year after completion of work.

iii. Automobile Liability insurance, including property damage, covering all owned, non-owned, borrowed, leased, or rented vehicles operated by the Successful Contractor. In addition, all mobile equipment used by the Successful Contractor in connection with the contracted work shall be insured under either a standard Automobile Liability policy, or a Commercial General Liability policy.

c. Liability insurance may be arranged by General Liability and automobile Liability policies for the full limits required, or by a combination of underlying Liability policies for lesser limits with the remaining limits provided by an Excess or Umbrella Liability policy.

- d. The Successful Contractor shall provide insurance issued by companies admitted within the Commonwealth of Virginia, with the Best's Key Rating of at least A: VI.
- e. The Successful Contractor shall provide an original, signed Certificate of Insurance, showing PRTC as an additional insured, evidence such insurance and such endorsements as prescribed herein, and shall have it filed with the PRTC Executive Director before a contract is executed, and any work is started.
- f. The Successful Contractor shall secure and maintain all insurance policies of its subcontractors, which shall be made available to PRTC on demand.
- g. The Successful Contractor shall provide on demand, certified copies of all insurance coverage on behalf of the Contract within ten (10) business days of demand by PRTC. These certified copies shall be sent to PRTC from the Contractor's insurance agent or representative.
- h. No change, cancellation, or non-renewal shall be made in any insurance coverage without a 30-day written notice to the PRTC Executive Director. The Successful Contractor shall furnish a new certificate prior to any change or cancellation date. The failure of the Contractor to deliver a new and valid certificate will result in suspension of all payments until the new certificate is furnished to the PRTC Executive Director.
- i. Insurance coverage required in these specifications shall be in force throughout the Contract term. Should the Successful Contractor fail to provide acceptable evidence of current insurance within five (5) days of written notice at any time during the Contract term, PRTC shall have the absolute right to terminate the Contract without any further obligation to the Successful Contractor, and the Successful Contractor shall be liable to PRTC for the entire additional cost of procuring the incomplete portion of the Contract at time of termination.
- j. Compliance by the Successful Contractor and all subcontractors with the foregoing requirements as to carrying insurance shall not relieve the Successful Contractor and all subcontractors of their liabilities and obligations under this hearing or under any other section or provisions of the Contract.
- k. Contractual and other Liability insurance provided under the Contract shall not contain a supervision, inspection, or services exclusion that would preclude PRTC from supervising and/or inspecting the project as to the end result. The Successful Contractor shall assume all on-the-job responsibilities as to the control of persons directly employed by it and of the subcontractors and any person employed by the subcontractor.
- l. Nothing contained herein shall be construed as creating any contractual relationship between the subcontractor and PRTC. The Successful Contractor shall be as fully responsible to PRTC for the acts and omissions of the subcontractors and of persons employed by them as it is for acts and omissions of persons directly employed by it.
- m. Precaution shall be exercised at all times for the protection of persons (including employees) and property.

- n. The Successful Contractor and all subcontractors and sub-subcontractors shall comply with the Occupational Safety and Health Act of 1970, Public Law 91-956, as it may apply to the Contract.
- o. If the Successful Contractor does not meet the specifications of these insurance requirements, alternate insurance coverage, satisfactory to the PRTC Executive Director, may be considered.
- p. PRTC shall be named an additional insured in the General Liability policies and stated so on the Certificate.

Additionally, Bidders may submit other materials describing their company, qualifications, etc.

Bidders can respond to PRTC's solicitations by submitting bids and proposals on paper and in electronic format, using the Commonwealth of Virginia electronic procurement portal, eVA. Paper bids shall be submitted in a sealed package which clearly identifies the Project or Procurement name, the name of the bidder, the due date and time of the bid opening and plainly states that the bid is not to be opened until bid opening. The bidder assumes the risk that an envelope not properly marked will be mistakenly opened and thus may be rendered ineligible for consideration. The PRTC Executive Director or his representative(s) shall not be responsible for the premature opening of a bid not properly addressed and identified as specified herein.

### **V.3 Completeness**

All information required by the IFB must be supplied for the bid to be considered complete. Inadequate information may require disqualification of the bid. Bids cannot ordinarily be modified after they are opened. Any modifications not expressly provided for in the IFB may require rejection of the bid.

### **V.4 Net Prices**

Bid prices, unless otherwise specified, must be net, including transportation and handling charges fully prepaid by the contractor to destination, and subject only to any discount for prompt payment that may be provided in this Invitation.

### **V.5 Tax Exemption**

PRTC is exempt from the payment of any Federal excise or any Virginia sales tax. However, when under established trade practice any Federal excise tax is included in the list price, the bidder may quote the list price and shall show separately the amount of Federal tax, as a flat sum, which shall be deducted by PRTC.

## **V.6 Only Authorized Parties to Sign**

Each bid, and any contract, must be signed by a person authorized to bind the bidder to a valid Contract with PRTC. The PRTC Executive Director may require that any bidder submit powers of attorney or other appropriate documentation showing the authority of the signature to act on the Contractor's behalf. If, whether such proof of agency has been demanded or not, it later appears that the signatory was not authorized to act, PRTC may declare the Contract void if it is in its best interests to do so.

## **V.7 Bid Bond/Guarantee, Performance and Payment Bonds**

A bid shall be accompanied by a Bid Bond/Guarantee of five percent (5%) of the amount of the Bid as an assurance that the Bidder will, upon acceptance of their Bid, execute such contractual documents as may be required within the time specified. The bid guarantee shall consist of a firm commitment such as a certified check, cashier's check, or a bid bond from a surety company selected by the Bidder, which is legally authorized to do business in the Commonwealth of Virginia or another negotiable instrument. The bid guarantee shall be made payable to the "Potomac and Rappahannock Transportation Commission."

1. Bidders shall include a copy of the Bid Bond/Guarantee with their bid submission, whether electronic or hard copy. The apparent low Bidder must submit, within two (2) consecutive business days after bid opening and upon written request from VRE, an original bid bond/guarantee. ***Failure to submit the original bid bond may cause the Bid to be deemed non-responsive.***

In submitting its Bid, it is understood and agreed by the Bidder that PRTC reserves the right to reject any and all Bids, or part of any Bid and such bid bond or guarantee shall be submitted with the understanding that the Bidder will not withdraw such Bid during the period of one hundred twenty (120) calendar days following the opening of such Bid, without written consent of PRTC; and if such Bid is accepted, the Bidder will accept and perform under the terms of the Bid.

It is also understood and agreed that if the undersigned Bidder should withdraw any part or all of its Bid within one hundred twenty (120) days after the bid opening without the written consent of PRTC, shall refuse or be unable to enter into this Contract, as provided above, or refuse or be unable to furnish adequate and acceptable Performance and Payment Bonds, as provided below, or refuse or be unable to furnish adequate and acceptable insurance, as provided below, the Bidder shall forfeit its bid security to the extent of PRTC's damages occasioned by such withdrawal, or refusal, or inability to enter into an agreement, or provide adequate security therefor.

It is further understood and agreed that to the extent the defaulting Bidder's bid bond/guarantee shall prove inadequate to fully recompense PRTC for the damages occasioned by default, then the undersigned Bidder agrees to indemnify PRTC and pay over to PRTC the difference between the bid security and PRTC's total damages, so as to make PRTC whole.

The Bidder understands that any material alteration of any of the above or any of the material contained on this form, other than that requested, will render the Bid unresponsive.

The Bid Guarantee of the successful Bidder shall not be released until the execution of the Contract between PRTC and the successful Bidder.

## **V.8 Performance and Payment Bonds**

The Bid Guarantee of the successful Bidder shall not be released until the execution of the Contract between PRTC and the successful Bidder.

The Contractor who is selected to enter into a written Contract with PRTC shall furnish a Performance Bond or Irrevocable Letters of Credit and shall remain in full force for the term of the Contract. The Performance Bond shall be in the amount equal to one hundred percent (100%) of the Contract as guarantee to the faithful performance of the Contract.

If the Bidder chooses to provide an Irrevocable Stand-By Letter of Credit as its Performance Guarantee, the Bidder shall furnish with its Bid, certification that an Irrevocable Stand-By Letter of Credit will be furnished should the Bidder become the successful Contractor. The Bidder shall also provide a statement from the banking institution certifying that an Irrevocable Stand-By Letter of Credit for the action will be provided if the Contract is awarded to the Bidder. The Irrevocable Stand-By Letter of Credit will only be accepted by PRTC if:

1. A bank in good standing issues it. PRTC will not accept an Irrevocable Stand By Letter of Credit from an entity other than a bank.
2. It is in writing and signed by the issuing bank.
3. It conspicuously states that it is an irrevocable, non-transferable, “standby” Letter of Credit.
4. PRTC is identified as the Beneficiary.
5. It is in an amount equal to 100% of the Contract value. This amount must be in U.S. dollars.
6. The effective date of the Irrevocable Stand-By Letter of Credit is the same as the effective date of the Contract.
7. The expiration date of the Irrevocable Stand-By Letter of Credit coincides with the term of the Contract.
8. It indicates that it is being issued in order to support the obligation of the Contractor to perform under the Contract. It must specifically reference the Contract between PRTC, and the Contractor and the work stipulated herein.

The issuing bank’s obligation to pay will arise upon the presentation of the original Letter of Credit and a certificate and bank draft to the issuing bank’s representative at a location and time to be determined by the parties. This documentation will indicate that the Contractor is in default under the Contract.

## **V.9 Payment Bond Requirements**

The Contractor who is selected to enter into a written Contract with PRTC shall furnish a Payment Bond or Irrevocable Stand-by Letters of Credit. The Payment Bond shall be in the amount equal to one hundred percent (100%) of the Contract as guarantee for the payment to all persons who have and fulfill contracts, which are directly with the Contractor.

## **V.10 General Bonding Requirements**

The Sureties of all bonds shall be of such acceptable surety company or companies as listed in the U.S. Treasury Department Circular 570 published annually and are authorized to transact business in the Commonwealth of Virginia.

The Contractor shall deliver to PRTC within ten (10) calendar days of the notification of award a duly executed Performance Bond and Payment Bond payable to the “Potomac and Rappahannock Transportation Commission.”

No Contract shall be deemed to be in effect until the bonds have been approved by PRTC.

The Contractor shall provide to PRTC appropriate bond forms prior to or at the time of Contract award for review and approval. The Contractor may use the American Institute of Architects (AIA) bond forms or a format that is substantively similar.

PRTC may require additional bond protection when a Contract price is increased, by directing the Contractor to increase the amount of the existing bond or to obtain an additional bond. The increase in protection shall generally equal one hundred percent (100%) of the increase in Contract price. Upon the Contractor’s request, PRTC may decrease bond amounts as deliverables are received.

A copy of the revised bonds shall be provided by the Contractor to PRTC. The Contractor shall execute change orders with the consent of the surety or sureties on the bonds unless otherwise directed by the sureties.

## **V.11 Time for Submission of Bids**

Written sealed bids for the goods or services identified must be submitted not later than the date and time set forth elsewhere in this IFB.

## **V.12 Return of Bid Package**

If a prospective Bidder is unable to submit a bid in response to this IFB, the bidder should return the IFB with a statement as to why the bidder is unable to bid. Because of the large number of firms listed on PRTC’s qualified list of bidders, it is necessary to delete from these lists the names of those persons, firms or corporations who fail to respond after having been invited to bid on three (3) successive solicitations. Furthermore, PRTC is interested in learning whether problems with the bid process have discouraged responses.

### **V.13 Bidders Present**

Contents of Bids (Pricing Schedule) will be made public at the time fixed for the opening of bids. Bidders are strongly encouraged to attend all openings, and to offer constructive suggestions for improvements to bid procedures, format, or other matters.

### **V.14 Evaluation of Bids**

Bids shall be evaluated on the basis of those requirements which are set forth in the IFB, the Specifications, and the requirements of these General Provisions, any Special Provisions, and the Virginia Public Procurement Act. Bids shall be awarded to the lowest responsive and responsible bidder as set forth in Va. Code § 2.2-4318.

### **V.15 Competency of Bidder**

No bid will be accepted from, or contract awarded to any person, firm, or corporation that is in arrears, or is in default to PRTC upon any debt or contract, or that has defaulted as surety or otherwise upon any obligation to PRTC. The bidder, if requested, must present within forty-eight (48) hours evidence satisfactory to the PRTC Executive Director of performance ability, and possession of necessary facilities, pecuniary resources, and adequate insurance to comply with the terms of these Specifications and contract documents.

### **V.16 Waiver of Informalities or Irregularities**

The PRTC Executive Director is authorized to waive any irregularity or informality in any bid; provided, however, bids or amendments which are received after the time specified for the opening of bids will be neither opened nor considered.

### **V.17 Withdrawals of Bids**

Withdrawal of bids is strictly governed by Va. Code § 2.2-4330. If a bid may be lawfully withdrawn under that section, notice of withdrawal must be provided in writing within two (2) business days after the bid opening.

### **V.18 One Responsive and Responsible Bid**

When only one responsive and responsible bid is received, the IFB may be cancelled and items rebid, unless the PRTC Executive Director determines the price bid is reasonable and in the best interests of PRTC, on the basis of price comparison, value analysis, prior price history, an engineering estimate, or other method which establishes the reasonableness of the price bid.

When the PRTC Executive Director personally determines that the above methods of establishing price reasonableness are not feasible, he may enter into negotiations with the single responsive and responsive bidder. Such negotiations shall consist of detailed discussions with regard to the cost of labor, materials, overhead, and profit. The PRTC Executive Director shall establish a detailed cost/price objective that he determines to be in the best interest of PRTC, prior to the initiation of negotiations.

Any bidder who is a party to such negotiations shall be required to certify that its price proposal is complete, current, and accurate prior to the initiation of such negotiations.

A record of negotiations shall be prepared upon the completion thereof, which shall detail the most significant considerations which resulted in the agreed upon Contract price.

#### **V.19 Cancellation of the Invitation for Bid**

Virginia Code § 2.2-4319, permits the PRTC Executive Director to cancel any solicitation if it is in the best interest of PRTC to do so.

Bids received at PRTC after the date and time prescribed will not be considered for Contract award and will be returned to the Bidder. The names of the Bidders submitting bids will be available after the bid closing time and date.

PRTC's overall goal for DBE participation is set at **14.7%**. This goal represents those elements of work under this Contract performed by qualified Disadvantaged Business Enterprises for amounts totaling **not less than 14.7%** of the total Contract price.

The contractor and subcontractor(s) shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The Contractor shall carry out applicable requirements of 49 CFR Part 26 in the award and administration of this DOT-assisted contract. Failure by the Contractor to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy as PRTC deems appropriate, which may include, but is not limited to:

Withholding monthly progress payments;

Assessing sanctions;

Liquidate damages; and/or

Disqualifying the Contractor from future bidding as non-responsible. 49 C.F.R. § 26.13(b).

Each subcontract the Contractor signs with a subcontractor must include the assurance in this paragraph (*see* 49 CFR 26.13(b)).

The Contractor is required to pay its subcontractors performing work related to this contract for satisfactory performance of that work no later than seven days after the Contractor's receipt of payment for that work from PRTC. In addition, the Contractor is required to return any retainage payments to those subcontractors within 30 days after the subcontractor's work related to this contract is satisfactorily completed. The Contractor shall be obligated to pay interest to a subcontractor on all monies owed by the Contractor that remain unpaid after seven (7) days following receipt by the Contractor of payment from PRTC for work performed by a subcontractor under the Contract, except for amounts withheld for retainage under subsection (e) of this section.

The Contractor's obligation to pay an interest charge to a subcontractor pursuant to the provisions of this section may not be construed as an obligation by PRTC. A contract modification may not be made for the purpose of providing reimbursement for any such interest charge. A cost reimbursement claim may not include any amount for reimbursement for such interest charge.

The Contractor shall utilize the specific DBEs listed unless the Contractor obtains PRTC's written consent; and that, unless PRTC's consent is provided, the Contractor shall not be entitled to any payment for work or material unless it is performed or supplied by the listed DBE. 49 C.F.R. § 26.53(f) (1).

The contractor must promptly notify PRTC, whenever a DBE subcontractor performing work related to this contract is terminated or fails to complete its work and must make good faith efforts to engage another DBE subcontractor to perform at least the same amount of work. The Contractor may not terminate any DBE subcontractor and perform that work through its own forces or those of an affiliate without the prior written consent of PRTC.

Clause Language

## ***Davis-Bacon and Copeland Anti-Kickback Acts***

(1) **Minimum wages** - (i) All laborers and mechanics employed or working upon the site of the work (or under the United States Housing Act of 1937 or under the Housing Act of 1949 in the construction or development of the project), will be paid unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account (except such payroll deductions as are permitted by regulations issued by the Secretary of Labor under the Copeland Act (29 CFR part 3)), the full amount of wages and bona fide fringe benefits (or cash equivalents thereof) due at time of payment computed at rates not less than those contained in the wage determination of the Secretary of Labor which is attached hereto and made a part hereof, regardless of any contractual relationship which may be alleged to exist between the contractor and such laborers and mechanics.

Contributions made or costs reasonably anticipated for bona fide fringe benefits under section 1(b)(2) of the Davis-Bacon Act on behalf of laborers or mechanics are considered wages paid to such laborers or mechanics, subject to the provisions of paragraph (1)(iv) of this section; also, regular contributions made or costs incurred for more than a weekly period (but not less often than quarterly) under plans, funds, or programs which cover the particular weekly period, are deemed to be constructively made or incurred during such weekly period. Such laborers and mechanics shall be paid the appropriate wage rate and fringe benefits on the wage determination for the classification of work actually performed, without regard to skill, except as provided in 29 CFR Part 5.5(a)(4). Laborers or mechanics performing work in more than one classification may be compensated at the rate specified for each classification for the time actually worked therein: Provided, That the employer's payroll records accurately set forth the time spent in each classification in which work is performed. The wage determination (including any additional classifications and wage rates conformed under paragraph (1)(ii) of this section) and the Davis-Bacon poster (WH-1321) shall be posted at all times by the contractor and its subcontractors at the site of the work in a prominent and accessible place where it can be easily seen by the workers.

(ii)(A) The contracting officer shall require that any class of laborers or mechanics, including helpers, which is not listed in the wage determination and which is to be employed under the contract shall be classified in conformance with the wage determination. The contracting officer shall approve an additional classification and wage rate and fringe benefits therefore only when the following criteria have been met:

Except with respect to helpers as defined as 29 CFR 5.2(n)(4), the work to be performed by the classification requested is not performed by a classification in the wage determination; and

The classification is utilized in the area by the construction industry; and

The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination; and

With respect to helpers as defined in 29 CFR 5.2(n)(4), such a classification prevails in the area in which the work is performed.

If the contractor and the laborers and mechanics to be employed in the classification (if known), or their representatives, and the contracting officer agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), a report of the action taken shall be sent by the contracting officer to the Administrator of the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, Washington, DC 20210. The Administrator, or an

authorized representative, will approve, modify, or disapprove every additional classification action within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.

In the event the contractor, the laborers or mechanics to be employed in the classification or their representatives, and the contracting officer do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), the contracting officer shall refer the questions, including the views of all interested parties and the recommendation of the contracting officer, to the Administrator for determination. The Administrator, or an authorized representative, will issue a determination within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.

The wage rate (including fringe benefits where appropriate) determined pursuant to paragraphs (a)(1)(ii) (B) or (C) of this section, shall be paid to all workers performing work in the classification under this contract from the first day on which work is performed in the classification.

Whenever the minimum wage rate prescribed in the contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly rate, the contractor shall either pay the benefit as stated in the wage determination or shall pay another bona fide fringe benefit or an hourly cash equivalent thereof.

If the contractor does not make payments to a trustee or other third person, the contractor may consider as part of the wages of any laborer or mechanic the amount of any costs reasonably anticipated in providing bona fide fringe benefits under a plan or program, provided, that the Secretary of Labor has found, upon the written request of the contractor, that the applicable standards of the Davis-Bacon Act have been met.

The Secretary of Labor may require the contractor to set aside in a separate account, assets for the meeting of obligations under the plan or program.

**Withholding** - PRTC shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld from the contractor under this contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to Davis-Bacon prevailing wage requirements, which is held by the same prime contractor, so much of the accrued payments or advances as may be considered necessary to pay laborers and mechanics, including apprentices, trainees, and helpers, employed by the contractor or any subcontractor the full amount of wages required by the contract. In the event of failure to pay any laborer or mechanic, including any apprentice, trainee, or helper, employed or working on the site of the work (or under the United States Housing Act of 1937 or under the Housing Act of 1949 in the construction or development of the project), all or part of the wages required by the contract, PRTC may, after written notice to the contractor, sponsor, applicant, or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violations have ceased.

**Payrolls and basic records** - (i) Payrolls and basic records relating thereto shall be maintained by the contractor during the course of the work and preserved for a period of three years thereafter for all laborers and mechanics working at the site of the work (or under the United States Housing Act of 1937, or under the Housing Act of 1949, in the construction or development of the project). Such records shall contain the name, address, and social security number of each such worker, his or her correct classification, hourly rates of wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof of the types described in section 1(b)(2)(B) of the Davis-Bacon Act), daily and weekly number of hours worked, deductions made and actual wages paid. Whenever the Secretary of Labor has found under 29 CFR 5.5(a)(1)(iv) that the wages of any laborer or mechanic include the amount

of any costs reasonably anticipated in providing benefits under a plan or program described in section 1(b)(2)(B) of the Davis-Bacon Act, the contractor shall maintain records which show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been communicated in writing to the laborers or mechanics affected, and records which show the costs anticipated or the actual cost incurred in providing such benefits. Contractors employing apprentices or trainees under approved programs shall maintain written evidence of the registration of apprenticeship programs and certification of trainee programs, the registration of the apprentices and trainees, and the ratios and wage rates prescribed in the applicable programs.

(ii)(A) The contractor shall submit weekly for each week in which any contract work is performed a copy of all payrolls to PRTC for transmission to the Federal Transit Administration. The payrolls submitted shall set out accurately and completely all of the information required to be maintained under section 5.5(a)(3)(i) of Regulations, 29 CFR part 5. except that full social security numbers and home addresses shall not be included on weekly transmittals. Instead the payrolls shall only need to include an individually identifying number for each employee (e.g., the last four digits of the employee's social security number). This information may be submitted in any form desired. Optional Form WH-347 is available for this purpose and may be purchased from the Superintendent of Documents (Federal Stock Number 029-005-00014-1), U.S. Government Printing Office, Washington, DC 20402. The prime contractor is responsible for the submission of copies of payrolls by all subcontractors.

Contractors and subcontractors shall maintain the full social security number and current address of each covered worker, and shall provide them upon request to PRTC, for transmission to the Federal Transit Administration, the contractor, or the Wage and Hour Division of the Department of Labor for purposes of an investigation or audit of compliance with prevailing wage requirements. It is not a violation of this section for a prime contractor to require a subcontractor to provide addresses and social security numbers to the prime contractor for its own records, without weekly submission to PRTC.

Each payroll submitted shall be accompanied by a "Statement of Compliance," signed by the contractor or subcontractor or his or her agent who pays or supervises the payment of the persons employed under the contract and shall certify the following:

That the payroll for the payroll period contains the information required to be maintained under section 5.5(a)(3)(i) of Regulations, 29 CFR part 5 and that such information is correct and complete;

That each laborer or mechanic (including each helper, apprentice, and trainee) employed on the contract during the payroll period has been paid the full weekly wages earned, without rebate, either directly or indirectly, and that no deductions have been made either directly or indirectly from the full wages earned, other than permissible deductions as set forth in Regulations, 29 CFR part 3;

That each laborer or mechanic has been paid not less than the applicable wage rates and fringe benefits or cash equivalents for the classification of work performed, as specified in the applicable wage determination incorporated into the contract.

The weekly submission of a properly executed certification set forth on the reverse side of Optional Form WH-347 shall satisfy the requirement for submission of the "Statement of Compliance" required by paragraph (a)(3)(ii)(B) of this section.

The falsification of any of the above certifications may subject the contractor or subcontractor to civil or

criminal prosecution under section 1001 of title 18 and section 231 of title 31 of the United States Code.

(iii) The contractor or subcontractor shall make the records required under paragraph (a)(3)(i) of this section available for inspection, copying, or transcription by authorized representatives of the Federal Transit Administration or the Department of Labor, and shall permit such representatives to interview employees during working hours on the job. If the contractor or subcontractor fails to submit the required records or to make them available, the Federal agency may, after written notice to the contractor, sponsor, applicant, or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds. Furthermore, failure to submit the required records upon request or to make such records available may be grounds for debarment action pursuant to 29 CFR 5.12.

**Apprentices and trainees** - (i) Apprentices - Apprentices will be permitted to work at less than the predetermined rate for the work they performed when they are employed pursuant to and individually registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Employment and Training Administration, Office of Apprenticeship Training, Employer and Labor Services, or with a State Apprenticeship Agency recognized by the Office, or if a person is employed in his or her first 90 days of probationary employment as an apprentice in such an apprenticeship program, who is not individually registered in the program, but who has been certified by the Office of Apprenticeship Training, Employer and Labor Services or a State Apprenticeship Agency (where appropriate) to be eligible for probationary employment as an apprentice. The allowable ratio of apprentices to journeymen on the job site in any craft classification shall not be greater than the ratio permitted to the contractor as to the entire work force under the registered program. Any worker listed on a payroll at an apprentice wage rate, who is not registered or otherwise employed as stated above, shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any apprentice performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. Where a contractor is performing construction on a project in a locality other than that in which its program is registered, the ratios and wage rates (expressed in percentages of the journeyman's hourly rate) specified in the contractor's or subcontractor's registered program shall be observed. Every apprentice must be paid at not less than the rate specified in the registered program for the apprentice's level of progress, expressed as a percentage of the journeymen hourly rate specified in the applicable wage determination. Apprentices shall be paid fringe benefits in accordance with the provisions of the apprenticeship program. If the apprenticeship program does not specify fringe benefits, apprentices must be paid the full amount of fringe benefits listed on the wage determination for the applicable classification. If the Administrator of the Wage and Hour Division of the U.S. Department of Labor determines that a different practice prevails for the applicable apprentice classification, fringes shall be paid in accordance with that determination. In the event the Office of Apprenticeship Training, Employer and Labor Services, or a State Apprenticeship Agency recognized by the Office, withdraws approval of an apprenticeship program, the contractor will no longer be permitted to utilize apprentices at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

Trainees - Except as provided in 29 CFR 5.16, trainees will not be permitted to work at less than the predetermined rate for the work performed unless they are employed pursuant to and individually registered in a program which has received prior approval, evidenced by formal certification by the U.S. Department of Labor, Employment and Training Administration. The ratio of trainees to journeymen on the job site shall not be greater than permitted under the plan approved by the Employment and Training Administration. Every trainee must be paid at not less than the rate specified in the approved program for the trainee's level of progress, expressed as a percentage of the journeyman hourly rate

specified in the applicable wage determination. Trainees shall be paid fringe benefits in accordance with the provisions of the trainee program. If the trainee program does not mention fringe benefits, trainees shall be paid the full amount of fringe benefits listed on the wage determination unless the Administrator of the Wage and Hour Division determines that there is an apprenticeship program associated with the corresponding journeyman wage rate on the wage determination which provides for less than full fringe benefits for apprentices. Any employee listed on the payroll at a trainee rate who is not registered and participating in a training plan approved by the Employment and Training Administration shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any trainee performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. In the event the Employment and Training Administration withdraws approval of a training program, the contractor will no longer be permitted to utilize trainees at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

**Equal Employment Opportunity** - The utilization of apprentices, trainees and journeymen under this part shall be in conformity with the equal employment opportunity requirements of Executive Order 11246, as amended, and 29 CFR part 30.

**Compliance with Copeland Act requirements** - The contractor shall comply with the requirements of 29 CFR part 3, which are incorporated by reference in this contract.

**Subcontracts** - The contractor or subcontractor shall insert in any subcontracts the clauses contained in 29 CFR 5.5(a)(1) through (10) and such other clauses as the Federal Transit Administration may by appropriate instructions require, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all the contract clauses in 29 CFR 5.5.

**Contract termination: debarment** - A breach of the contract clauses in 29 CFR 5.5 may be grounds for termination of the contract, and for debarment as a contractor and a subcontractor as provided in 29 CFR 5.12.

**Compliance with Davis-Bacon and Related Act requirements** - All rulings and interpretations of the Davis-Bacon and Related Acts contained in 29 CFR parts 1, 3, and 5 are herein incorporated by reference in this contract.

**Disputes concerning labor standards** - Disputes arising out of the labor standards provisions of this contract shall not be subject to the general disputes clause of this contract. Such disputes shall be resolved in accordance with the procedures of the Department of Labor set forth in 29 CFR parts 5, 6, and 7.

Disputes within the meaning of this clause include disputes between the contractor (or any of its subcontractors) and the contracting agency, the U.S. Department of Labor, or the employees or their representatives.

**Certification of eligibility** - (i) By entering into this contract, the contractor certifies that neither it (nor he or she) nor any person or firm who has an interest in the contractor's firm is a person or firm ineligible to be awarded Government contracts by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1).

No part of this contract shall be subcontracted to any person or firm ineligible for award of a Government contract by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1).

The penalty for making false statements is prescribed in the U.S. Criminal Code, 18 U.S.C. 1001.

Note: Contracts subject to the Davis-Bacon Act are generally required to pay at least the applicable minimum wage rate required under Executive Order 14026 or Executive Order 13658. Please note that these Executive Orders apply to covered contracts entered into by the federal government that are subject to the Davis-Bacon Act itself, but do not apply to contracts subject only to the Davis-Bacon Related Acts, including those set forth at 29 CFR 5.1(a)(1).

If the contract is entered   into on or after January 30,   2022, or the contract is   renewed or extended (e.g., an   option is exercised) on or   after January 30, 2022:             	. Executive Order 14026   generally applies to the   contract.   . The contractor must pay   all covered workers at   least \$17.75 per hour (or   the applicable wage rate   listed on this wage   determination, if it is   higher) for all hours   spent performing on the   contract in 2025. 
If the contract was awarded on   or between January 1, 2015 and   January 29, 2022, and the   contract is not renewed or   extended on or after January	. Executive Order 13658   generally applies to the   contract.   . The contractor must pay all   covered workers at least

30, 2022:	\$13.30 per hour (or the	
	applicable wage rate listed	
	on this wage determination,	
	if it is higher) for all	
	hours spent performing on	
	that contract in 2025.	

The applicable Executive Order minimum wage rate will be adjusted annually. If this contract is covered by one of the Executive Orders and a classification considered necessary for performance of work on the contract does not appear on this wage determination, the contractor must still submit a conformance request.

Additional information on contractor requirements and worker protections under the Executive Orders is available at <http://www.dol.gov/whd/govcontracts>.

\*\* Workers in this classification may be entitled to a higher minimum wage under Executive Order 14026 (\$17.75) or 13658 (\$13.30). Please see the Note at the top of the wage determination for more information. Please also note that the minimum wage requirements of Executive Order 14026 are not currently being enforced as to any contract or subcontract to which the states of Texas, Louisiana, or Mississippi, including their agencies, are a party.

Note: Executive Order (EO) 13706, Establishing Paid Sick Leave for Federal Contractors applies to all contracts subject to the Davis-Bacon Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2017. If this contract is covered by the EO, the contractor must provide employees with 1 hour of paid sick leave for every 30 hours they work, up to 56 hours of paid sick leave each year. Employees must be permitted to use paid sick leave for their own illness, injury or other health-related needs, including preventive care; to assist a family member (or person who is like family to the employee) who is ill, injured, or has other health-related needs, including preventive care; or for reasons resulting from, or to assist a family member (or person who is like family to the employee) who is a victim of, domestic violence, sexual assault, or stalking. Additional information on contractor requirements and worker protections under the EO is available at <https://www.dol.gov/agencies/whd/government-contracts>.

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (iii)).

-----

The body of each wage determination lists the classifications and wage rates that have been found to be prevailing for the type(s) of construction and geographic area covered by the wage determination. The classifications are listed in alphabetical order under rate identifiers indicating whether the particular rate is a union rate (current union negotiated rate), a survey rate, a weighted union average rate, a state adopted rate, or a supplemental classification rate.

#### Union Rate Identifiers

A four-letter identifier beginning with characters other than ""SU"", ""UAVG"", ?SA?, or ?SC? denotes that a union rate was prevailing for that classification in the survey. Example: PLUM0198-005 07/01/2024. PLUM is an identifier of the union whose collectively bargained rate prevailed in the survey for this classification, which in this example would be Plumbers. 0198 indicates the local union number or district council

number where applicable, i.e., Plumbers Local 0198. The next number, 005 in the example, is an internal number used in processing the wage determination. The date, 07/01/2024 in the example, is the effective date of the most current negotiated rate.

Union prevailing wage rates are updated to reflect all changes over time that are reported to WHD in the rates in the collective bargaining agreement (CBA) governing the classification.

### Union Average Rate Identifiers

The UAVG identifier indicates that no single rate prevailed for those classifications, but that 100% of the data reported for the classifications reflected union rates. EXAMPLE:

UAVG-OH-0010 01/01/2024. UAVG indicates that the rate is a weighted union average rate. OH indicates the State of Ohio. The next number, 0010 in the example, is an internal number used in producing the wage determination. The date, 01/01/2024 in the example, indicates the date the wage determination was updated to reflect the most current union average rate.

A UAVG rate will be updated once a year, usually in January, to reflect a weighted average of the current rates in the collective bargaining agreements on which the rate is based.

### Survey Rate Identifiers

The ""SU"" identifier indicates that either a single non-union rate prevailed (as defined in 29 CFR 1.2) for this classification in the survey or that the rate was derived by computing a weighted average rate based on all the rates reported in the survey for that classification. As a weighted average rate includes all rates reported in the survey, it may include both union and non-union rates. Example: SUFL2022-007 6/27/2024. SU indicates the rate is a single non-union prevailing rate or a weighted average of survey data for that classification. FL indicates the State of Florida. 2022 is the year of the survey on which these classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. The date, 6/27/2024 in the example, indicates the survey completion date for the classifications and rates under that identifier.

?SU? wage rates typically remain in effect until a new survey

is conducted. However, the Wage and Hour Division (WHD) has the discretion to update such rates under 29 CFR 1.6(c)(1).

#### State Adopted Rate Identifiers

The ""SA"" identifier indicates that the classifications and prevailing wage rates set by a state (or local) government were adopted under 29 C.F.R 1.3(g)-(h). Example: SAME2023-007 01/03/2024. SA reflects that the rates are state adopted. ME refers to the State of Maine. 2023 is the year during which the state completed the survey on which the listed classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. The date, 01/03/2024 in the example, reflects the date on which the classifications and rates under the ?SA? identifier took effect under state law in the state from which the rates were adopted.

#### WAGE DETERMINATION APPEALS PROCESS

1) Has there been an initial decision in the matter? This can be:

- a) a survey underlying a wage determination
- b) an existing published wage determination
- c) an initial WHD letter setting forth a position on a wage determination matter
- d) an initial conformance (additional classification and rate) determination

On survey related matters, initial contact, including requests for summaries of surveys, should be directed to the WHD Branch of Wage Surveys. Requests can be submitted via email to [davisbaconinfo@dol.gov](mailto:davisbaconinfo@dol.gov) or by mail to:

Branch of Wage Surveys  
Wage and Hour Division  
U.S. Department of Labor

2) If an initial decision has been issued, then any interested party (those affected by the action) that disagrees with the decision can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Requests for review and reconsideration can be submitted via email to dba.reconsideration@dol.gov or by mail to:

Such orders shall be limited to reasonable changes in the services to be performed or the time of performance; provided that the Contractor shall not be excused from performance under the changed contract by failure to agree to such changes, and it is the express purpose of this provision to permit unilateral changes in the Contract subject to the conditions and limitations herein.

The Contractor shall make a demand for payment for completed changed work within 30 days of receipt of a change order, unless such time period is extended in writing, or unless the Executive Director requires submission of a cost proposal prior to the initiation of any changed work or supplies. Later notification shall not bar the honoring of such claim or demand unless PRTC is prejudiced by such delay.

1. During the performance of this Contract, the Contractor agrees as follows:

- a. #### **II.4 Drug-free Workplace to be Maintained by Contractor**

During the performance of this Contract, the Contractor agrees to (i) provide a drug-free workplace for the Contractor's employees; (ii) post in conspicuous places, available to employees and applicants for employment, a statement notifying employees that the unlawful manufacture, sale, distribution, dispensation, possession, or use of a controlled substance or marijuana is prohibited in the Contractor's workplace and specifying the actions that will be taken against employees for violations of such prohibition; (iii) state in all solicitations or advertisements for employees placed by or on behalf of the Contractor that the Contractor maintains a drug-free workplace; and (iv) include the provisions of the foregoing clauses in every subcontract or purchase order over \$10,000, so that the provisions will be binding upon each subcontract or contractor.

For the purposes of this section, "drug-free workplace" means a site for the performance of work done in connection with a specific Contract awarded to a Contractor in accordance with this chapter, the employees of whom are prohibited from engaging in the unlawful manufacture, sale, distribution, dispensation, possession, or use of any controlled substance or marijuana during the performance of this Contract.

#### **II.5 Claims/Disputes**

Contractual Disputes and Claims: In accordance with Va. Code § 2.2-4363, this provision shall be followed for consideration and handling of all disputes and claims by the Contractor under this Contract. Va. Code § 2.2-4365 is not applicable to this Contract. Under no circumstances is this section an administrative appeals procedure governed by Va. Code § 2.2-4365.

Notice of the intent to submit a claim setting forth the basis for any claim shall be submitted in writing within ten (10) business days after the occurrence or the event giving rise to the claim or within ten (10) business days of discovering the condition giving rise to the claim, whichever is later. In no event shall any claim arising out of this Contract be filed after submission of the request for Final Payment by the Contractor.

Claims by the Contractor with respect to this Contract shall be submitted in writing in the first instance for consideration by the Contract Administrator. The decision of the Contract Administrator shall be rendered in writing within 30 calendar days from the receipt of the claim from the Contractor. If the Contractor is not satisfied with the decision or resolution of the Contract

Administrator, the Contractor may file a formal dispute with regard to the claim with the PRTC Executive Director within 30 calendar days of the decision of the Contract Administrator. The Executive Director shall reduce his/her decision to writing and shall mail or otherwise furnish a copy of its decision to the Contractor within 30 days of the receipt of the claim from the Contractor. The decision of the Executive Director shall be final and binding.

Should any decision-maker designated under this procedure fail to make a decision on a claim within the specified time period, then the claim is deemed to have been denied by the decision-maker. Pending a final determination of a claim, the Contractor shall proceed diligently with the performance of the work under this Contract.

In accordance with the provisions of Va. Code § 2.2-4363, full compliance with the disputes and claim resolution procedure set forth in this Section shall be a precondition of the filing of any lawsuit by the Contractor against the Commission arising out of the Contract.

## **II.6 Termination for Convenience of the Potomac and Rappahannock Transportation Commission**

The parties agree that PRTC may terminate this Contract, or any work or delivery required hereunder, from time to time either in whole or in part, whenever the PRTC Executive Director shall determine that such termination is in the best interests of PRTC.

Termination, in whole or in part, shall be affected by delivery of a Notice of Termination signed by the Executive Director or his designee, mailed or delivered to the Contractor, and specifically setting forth the effective date of termination.

Upon receipt of such Notice, the Contractor shall:

1. cease any further deliveries or work due under this Contract, on the date, and to the extent, which may be specified in the Notice;
2. place no further orders with any subcontractors except as may be necessary to perform that portion of this Contract not subject to the Notice;
3. terminate all subcontracts except those made with respect to Contract performance not subject to the Notice;
4. settle all outstanding liabilities and claims which may arise out of such termination, with the ratification of the Executive Director; and
5. use its best efforts to mitigate any damages which may be sustained by it as a consequence of termination under this clause.

After complying with the foregoing provisions, the Contractor shall submit a termination claim, in no event later than six (6) months after the effective date of its termination, unless an extension is granted by the Executive Director.

PRTC shall pay reasonable costs of termination, including a reasonable amount for profit on supplies or services delivered or completed. In no event shall this amount be greater than the original Contract price, reduced by any payments made prior to Notice of Termination and further reduced by the price of the supplies not delivered, or the services not provided. This Contract shall be amended accordingly, and the Contractor shall be paid the agreed amount.

In the event that the parties cannot agree on the whole amount to be paid to the Contractor by reason of termination under this clause, PRTC shall pay to the Contractor the amounts determined as follows, without duplicating any amounts which may have already been paid under the preceding paragraph of this clause:

1. With respect to all Contract performance prior to the effective date of Notice of Termination, the total of:

- a. cost of work performed or supplies delivered;
- b. the cost of settling and paying any reasonable claims as provided in subparagraph (4) above;
- c. a sum as profit on (a) determined by the Executive Director to be fair and reasonable.

2. The total sum to be paid under (a) above shall not exceed the Contract price, as reduced by the number of payments otherwise made, and as further reduced by the Contract price of work or supplies not provided. In the event that the Contractor is not satisfied with any payments, which the Executive Director shall determine to be due under this clause, the Contractor may appeal any claim in accordance with the "Claims and Disputes" clause of this Contract.

The Contractor shall include similar provisions in any subcontract and shall specifically include a requirement that subcontractors make all reasonable efforts to mitigate damages which may be suffered. Failure to include such provisions shall bar the Contractor from any recovery from PRTC whatsoever of loss or damage sustained by a subcontractor as a consequence of termination for convenience.

## **II.7 Termination for Default**

Either party may terminate this Contract, without further obligation, for the default of the other party or its agents or employees with respect to any agreement or provision contained herein.

## **II.8 Examination of Records**

The Contractor agrees that PRTC, or any duly authorized representative, shall, until the expiration of three (3) years after final payment hereunder, have access to and the right to examine and copy any directly pertinent books, documents, papers and records of the Contractor involving transactions related to this Contract.

The Contractor further agrees to include in any subcontract for more than \$10,000 entered into as a result of this Contract, a provision to the effect that the subcontractor agrees that PRTC or any duly authorized representative shall, until the expiration of three (3) years after final payment under the subcontract, have access to and the right to examine and copy any directly pertinent books, documents, papers and records of such Contractor involved in transactions related to such subcontract, or this Contract. The term "subcontract" as used herein shall exclude subcontracts or purchase orders for public utility services at rates established for uniform applicability to the general public. The period of access provided herein for records, books, documents and papers which may relate to any arbitration, litigation, or the settlement of claims arising out of the performance of this Contract or any subcontract shall continue until any appeals, arbitration, litigation or claims shall have been finally disposed of.

## **II.9 Termination for Non-Appropriation of Funds**

If funds are not appropriated for any succeeding fiscal year subsequent to the one in which this Contract is entered into, for the purposes of this Contract, then PRTC may terminate this Contract upon thirty (30) calendar days prior written notice to the Contractor. Should termination be accomplished in accordance with this Section, PRTC shall be liable only for payments due through the date of termination.

## **II.10 Payments to Subcontractors**

In the event that the Contractor utilizes a subcontractor for any portion of the work under this Contract, the Contractor hereby agrees to:

1. The Contractor shall take one of the two following actions within seven (7) business days after receipt of amounts paid to the Contractor by PRTC for work performed by a subcontractor under the Contract.

- a. Pay a subcontractor for the proportionate share of the total payment received from PRTC attributable to the work performed by that subcontractor under the Contract; or
- b. Notify PRTC and any subcontractors, in writing, of its intention to withhold all or a part of the subcontractor's payment with the reason for nonpayment.

c. The prime contractor agrees further to return retainage payments to each subcontractor within seven (7) business days after subcontractor's work is satisfactorily completed. Work is satisfactorily completed when all the tasks called for in the subcontract have been accomplished and documented as required.

2. The Contractor shall be obliged to pay interest to a subcontractor on all monies owed by the Contractor that remain unpaid after seven (7) business days following receipt by the Contractor of payment from PRTC for work performed by a subcontractor under the Contract, except for amounts withheld under subsection 1.b. of this section. The Contractor's obligation to pay an interest charge to a subcontractor pursuant to the provisions of this section may not be construed as an obligation by PRTC. A contract modification may not be made for the purpose of providing

reimbursement for any such interest charge. A cost reimbursement claim may not include any amount for reimbursement for such interest charge.

3. Unless otherwise provided under the terms of this Contract, interest shall accrue at the rate of one percent (1%) per month.

4. The Contractor is hereby required to include in each of its subcontracts a provision requiring each subcontractor to otherwise be subject to the same payment and interest requirements set forth in subsection 2 and 3 of this section with respect to each lower-tier subcontractor.

## **II.11 Ethics in Public Contracting**

The Contractor hereby certifies that it has familiarized itself with Article 6 of Title 2.2 of the Virginia Public Procurement Act, Va. Code §§ 2.2-4367 through 2.2-4377, and that all amounts received by it, pursuant to this Procurement, are proper and in accordance therewith.

## **II.12 Governing Law and Forum**

This Contract and any disputes hereunder shall be governed by the Constitution and laws of the Commonwealth of Virginia. Any legal action arising out of or related to this Contract shall be filed in a state court located in Prince William County, Virginia, or the United States District Court for the Eastern District of Virginia, Alexandria Division, to the exclusion of the courts of any other jurisdiction.

## **II.13 Integration**

This Contract shall constitute the whole agreement between the parties. There are no promises, terms, conditions or obligations other than those contained herein, and this Contract shall supersede all previous communications, representations or agreements, written or verbal, between the parties hereto.

## **II. 14 Force Majeure**

If either party to this Contract is rendered unable, wholly or in part, to carry out its obligations under this Contract in a timely manner by reason of some cause beyond the control and without the fault or negligence of the Party that amounts to Force Majeure, such party shall give to the other party prompt written notice within in five (5) business days thereof with reasonably full particulars, and if undisputed, the obligation of the party giving notice to perform its obligations shall be suspended during, but no longer than, the continuance of the Force Majeure, and such party shall act diligently to remove the Force Majeure as soon as practical and to reschedule the work or take such other action as is reasonable necessary to mitigate any delay.

For the purposes of this section, Force Majeure shall mean:

(a) An act of way, whether or not declared, civil war, insurrection, riot, acts of terrorism, or any condition incident to the foregoing.

(b) Acts of the Federal or State government or the entry of a court order, intended to, or having the effect of stopping or delaying the work.

(c) An Act of God which for the purposes of this section shall mean an earthquake, flood, cyclone, or other cataclysmic phenomenon of nature or pandemic beyond the power of the party to foresee or make preparation in defense of. The performance of the work shall not be adjusted for normal inclement weather.

## **II.15 Immigration and Control Act of 1986**

Pursuant to Va. Code § 2.2-43311.1, the Contractor certifies that it does not, and shall not during the performance of the Contract, knowingly employ an unauthorized alien as defined in the federal Immigration Reform and Control Act of 1986.

## **II.16 Fly America – Intentionally Omitted**

## **II.17 Cargo Preferences– Intentionally Omitted**

## **II.18 Change in Law**

If a change in law or regulations or the interpretation thereof by any court of law or other governing body having jurisdiction, subsequent to the date of the Contract, has a material and unexpected impact on the cost and timing of performance of work under the Contract, either party may request an equitable adjustment in accordance with the Modifications or Changes to the Contract clause.

## **II.19 Incorporation of Federal Transit Administration Terms**

These terms include, in part, certain Standard Terms and Conditions required by the U.S. Department of Transportation (DOT), whether or not expressly set forth in the Contract provisions. All contractual provisions required by DOT, as set forth in FTA Circular 4220.1G, revised March 18, 2013, are hereby incorporated by reference. Anything to the contrary herein notwithstanding, all FTA mandated terms shall be deemed to control in the event of a conflict with other provisions contained in this Agreement. The Contractor shall not perform any act, fail to perform any act, or refuse to comply with any PRTC requests that would cause PRTC to be in violation of the FTA terms and conditions. Contractor shall at all times comply with all applicable FTA regulations, policies, procedures and directives, including without limitation those listed directly or by reference in the Master Agreement between PRTC and FTA, as they may be amended or promulgated from time to time during the term of the contract. Contractor's failure to comply shall constitute a material breach of this Contract.

## **II.20 No Federal Government Obligations to Third Parties**

The federal government shall not be subject to any obligations or liabilities of any Contractor, or any other person not a party to a Grant Agreement or Cooperative Agreement in connection with the performance of the Contract. Notwithstanding any concurrence provided by the federal government in or approval of any solicitation, sub-agreement, or third party contract, the federal government continues to have no obligations or liabilities to any party, including the third party Contractor.

## **II.21 Availability of Funds**

It is understood and agreed that PRTC shall be bound to this Contract only to the extent of the funds appropriated or which may hereafter become available for the purpose of this Contract. If funds are reduced or eliminated by the Commonwealth of Virginia or Federal Transit Administration, this Contract can be terminated accordingly under the provisions of this Contract.

## **II.22 Disallowed Costs Including Interest**

The Contractor agrees to remit to the PRTC, which in turn will remit to the Federal government, any excess payments made to the Contractor disallowed by the Federal government, as well as any interest required by Subsection 7 (f)(6)(ii) of the FTA Master Agreement. PRTC will exclude any project costs incurred by the Contractor before the date of the Notice to Proceed unless otherwise authorized by PRTC in writing. PRTC will also exclude any cost not included in the approved project budget, any ordinary governmental or non-project operating cost consistent with prohibitions of 49 USC §5323(h)(1) and any cost ineligible for FTA participation as required by Federal law, regulation or guidelines for Federal participation included the cost soliciting response. Payment does not constitute a final decision about whether a cost is eligible for reimbursement and does not constitute a waiver of any violation by the Contractor of the terms and conditions of the Contract.

## **II.23 Default**

In case of failure to deliver goods or services in accordance with the Contract terms and conditions, PRTC, after due oral or written notice and a 30-day minimum opportunity to cure, may procure them from other sources and hold the Contractor responsible for any resulting additional purchase and administrative costs. This remedy shall be in addition to any other remedies which the PRTC may have.

## **II.24 Stop Work or Suspension of Work**

The Contract Administrator may at any time, by written order to the Contractor, stop all, or any part, of the work called for by the Contract for a period of 60 days after the order is delivered to the Contractor and for any further period to which the parties may agree. Any such order shall be specifically identified as a Stop Work Order issued pursuant to this section.

Upon receipt of such an order, the Contractor shall forthwith comply with its terms and take all reasonable steps to minimize the incurrence of costs allocable to the work covered by the order during the period of work stoppage.

Within a period of 60 days after a Stop Work Order is delivered to the Contractor, or within any extension of that period to which the parties have agreed, the Contract Administrator shall either:

1. Cancel the Stop Work Order; or
2. Terminate the work covered by such order as provided in the section, "Termination for Convenience of the PRTC."

If a Stop Work Order issued under this section is canceled or the period of the order or any extension thereof expires, the Contractor shall resume work.

An equitable adjustment shall be made in the delivery schedule or Contract price, or both, and the Contract shall be modified in writing accordingly, if:

1. The Stop Work Order results in an increase in the time required for completion or in the Contractor's cost properly allocable to the performance of any part of the Contract; and
2. The Contractor asserts a claim for such adjustment within 30 days after the end of the period of work stoppage; provided that, if the Contract Administrator decides the facts justify such action, he may receive and act upon such claim asserted at any time prior to final payment under the Contract.

If a Stop Work Order is not canceled and the work covered by such order is terminated for the convenience of PRTC, the reasonable costs resulting from the Stop Work Order will be allowed in arriving at the termination settlement.

## **II.25 Contractual Claims and Disputes**

In accordance with Va. Code § 2.2-4363, this provision shall be followed for consideration and handling of all disputes and claims by the Contractor under this Contract. Virginia Code § 2.2-4365 is not applicable to this Contract. Under no circumstances is this section an administrative appeals procedure governed by Va. Code § 2.2-4365.

Notice of the intent to submit a claim setting forth the basis for any claim shall be submitted in writing within ten (10) days after the occurrence or the event giving rise to the claim or within ten (10) days of discovering the condition giving rise to the claim, whichever is later. In no event shall any claim arising out of this Contract be filed after final payment is received by the Contractor.

Disputes or claims by the Contractor with respect to this Contract shall be submitted in writing within five (5) working days of the aforementioned notice for consideration by the Contract Administrator. The decision of the Contract Administrator shall be rendered in writing within 30 days from the receipt of the claim from the Contractor.

If the Contractor is not satisfied with the decision or resolution of the Contract Administrator, the Contractor may file a formal dispute with regard to the claim with the Contracting Officer within

30 days of the decision of the Contract Administrator. The Contracting Officer shall reduce his/her decision to writing and shall mail or otherwise furnish a copy of its decision to the Contractor within 30 days of the receipt of the claim from the Contractor. The decision of the Contracting Officer shall be final and binding.

Should any decision-maker designated under this procedure fail to make a decision on a claim within the time period specified, then the claim is deemed to have been denied by the decision-maker. Pending a final determination of a claim, the Contractor shall proceed diligently with the performance of the work under this Contract.

In accordance with the provisions of Va. Code § 2.2-4363, full compliance with this disputes and claim resolution procedure set forth in this section shall be a precondition of the filing of any lawsuit by the Contractor against the Commission arising out of the Contract.

## **II.26 Subcontracts**

No portion of the work shall be subcontracted without prior written consent of PRTC. In the event that the Contractor desires to subcontract some part of the work specified herein, the Contractor shall furnish to PRTC the names, qualifications and experience of the proposed subcontractors. The Contractor shall, however, remain fully liable and responsible for the work to be done by his subcontractor(s) and shall assure compliance with all requirements of the Contract.

The Contractor agrees to require its subcontractors and sub-subcontractors to include adequate provisions to ensure compliance with applicable Federal requirements in each subcontract and sub-subcontract. Furthermore, the Contractor agrees to include appropriate clauses in each subcontract stating the subcontractor's responsibilities under Federal law, regulation, or directive, including any necessary provisions requiring the subcontractor to extend applicable requirements to its subcontractors to the lowest tier necessary.

## **II.27 Prime Contractor Responsibilities**

The Contractor shall be responsible for completely supervising and directing the work under the Contract and all subcontractors that it may utilize, using its best skill and attention. Subcontractors who perform work under the Contract shall be responsible to the prime Contractor. The Contractor agrees that it is as fully responsible for the acts and omissions of its subcontractors and of persons employed by the Contractor as it is for the acts and omissions of its own employees.

The Contractor shall submit to PRTC for approval and attachment to the Contract, a list of subcontractors and their required signed certifications/contracts and contact information. During the period of performance, the Contractor shall not substitute subcontractors without the written approval of PRTC. The Contractor shall notify PRTC within five (5) calendar days after the occurrence of any of these events and provide information as to the circumstances necessitating the proposed change, new subcontractor information and other information as requested. Proposed substitutions must have comparable qualifications and experience to those being replaced. PRTC will notify the Contractor within ten (10) calendar days after the

receipt of all required information if this change is approved and PRTC and the Contractor shall subsequently amend the required Contract documents.

## **II.28 Antitrust**

By entering into a Contract, the Contractor conveys, sells, assigns, and transfers to PRTC all rights, title and interest in and to all causes of the action it may now have or hereafter acquire under the antitrust laws of the United States and the Commonwealth of Virginia, relating to the particular goods or services purchased or acquired by PRTC under the Contract.

## **II.29 Testing/Inspection/Review of Work**

PRTC reserves the right to conduct any test/inspection it may deem advisable to assure supplies and services conform to specifications. The Contractor is responsible for performing work according to specifications in a professional, high-quality standard. Authorized representatives or agents of PRTC, the Commonwealth of Virginia and/or the Federal Transit Administration may, during normal office hours, review and inspect the project activities, data, reports/studies, drawings, specifications, estimates, maps computations and financial records of the Contractor or subcontractor at their offices.

## **II.30 Releases, Licenses, Permits and Authorizations**

It is the Contractor's responsibility to obtain all releases, licenses, permits and other usage authorizations for all matters within its ordinary sphere of activity, including photographs, copyrighted materials, artwork or any other property or rights belonging to third parties obtained by the Contractor for use in performing services for PRTC, and shall save PRTC harmless from all claims, demands, expenses (including reasonable attorney's fees), liabilities, suits, and proceedings (including any brought in or before any court, administrative body, arbitration panel or other tribunal) against or involving PRTC on account of or arising out of such use. P R T C shall obtain the same for any such items obtained by PRTC which are used by the Contractor harmless from all claims, demands, expenses (including reasonable attorneys' fees), liabilities, suits, and proceeding (including any brought in or before any court, administrative body, arbitration panel or other tribunal) against or involving PRTC on account of or arising out of any assertions, claims, slogans, headlines or the like made for any PRTC products, as well as for all claims, demands, expenses, liabilities, suits and proceedings as able set forth arising out of the nature or use of PRTC's products.

## **II.31 Inspection**

All supplies shall be subject to inspection and testing by PRTC, to the extent practicable at all times and places including the period of manufacture, and in any event prior to acceptance.

In case any supplies or lots of supplies are defective in material or workmanship or otherwise not in conformity with the requirements of the Contract, PRTC shall have the right either to reject them (with or without instructions as to their disposition) or to require their correction.

Supplies or lots of supplies, which have been rejected or required to be corrected shall be removed or, if permitted or required by the Contract Administrator, corrected in place by and at the expense of the Contractor promptly after notice.

If the Contractor fails promptly to remove such supplies or lots of supplies which are required to be removed or promptly to replace or correct such supplies or lots of supplies, PRTC may either:

- Replace or correct such supplies and back charge the Contractor the cost occasioned PRTC thereby; or
- Terminate the Contract for default.

Unless the Contractor corrects or replaces such supplies or lots of supplies within the delivery schedule, the Contract Administrator may require the delivery of such supplies or lots of supplies at a reduced price, which is equitable under the circumstances. Failure to agree to such price reductions shall be a dispute concerning a question of fact within the meaning of the clause of the Contract entitled "Contractual Claims and Disputes."

If any inspection or test is made by PRTC on the premises of the Contractor or a subcontractor to the Contractor, then the respective party (of the inspection) shall provide all reasonable facilities and assistance for the safety and convenience of PRTC's inspectors in the performance of their duties without additional charge.

If PRTC's inspection(s) or test(s) are made at a point other than the premises of the Contractor or a subcontractor, it shall be at the expense of PRTC except as otherwise provided in the Contract; provided, that in the case of rejection, PRTC shall not be liable for any reduction in value of samples used in connection with such inspection(s) or test(s).

All inspections and tests by PRTC shall be performed in such a manner as not to unduly delay the work.

PRTC reserves the right to charge the Contractor any additional cost of PRTC's inspection(s) and test(s) when supplies are not ready at the time such inspection and test is requested by the Contractor, or when re-inspection or retest is necessitated by prior rejection.

Acceptance or rejection of the supplies shall be made as promptly as practicable after delivery, except as otherwise provided in the Contract; but failure to inspect and accept or reject supplies shall neither relieve the Contractor from responsibility for such supplies as are not in accordance with the Contract requirements nor impose liability on PRTC, therefore.

The inspection(s) and test(s) by PRTC of any supplies or lots of supplies does not relieve the Contractor from any responsibility regarding defects or other failures to meet the Contract requirements which may be discovered prior to acceptance. Except as otherwise provided in the Contract, acceptance shall be conclusive except as regards to latent defects, fraud, or such gross mistakes or negligence as to amount to fraud.

The Contractor shall provide and maintain a Quality Assurance and Inspection system acceptable to PRTC covering the supplies hereunder.

Records of all inspection work by the Contractor shall be kept complete and available to PRTC during the performance of the Contract and for such longer period as outlined in the clause of this contract "Examination of Records."

## **II.32 Responsibility for Inspection**

Notwithstanding the requirements for any PRTC inspection(s) and test(s) contained in the specifications applicable to the Contract, except where specialized inspections or tests are specified for performance solely PRTC, the Contractor shall perform or have performed the inspections and tests required to substantiate that the supplies and services provided under the Contract conform to the drawings, specifications and Contract requirements.

## **II.35a Contractor's Title to Materials**

No materials or supplies for the work shall be purchased by the Contractor or by any subcontractor subject to any chattel mortgage or under a conditional sales or other agreement by which an interest is retained by the seller. The Contractor warrants that he has clear title to all materials and supplies for which he invoices for payment and such title passes to PRTC upon payment of invoice.

## **II.35b Title**

Title to the work and materials shall pass to PRTC upon placement of the equipment within the PRTC sites prior to commencement of its installation, subject to PRTC inspection thereof.

If for any reason the Work is terminated in whole or in part prior to its completion, the title to all hardware and documentation portions of the terminated Work performed to that time, and the possession of, together with the right to use and all applicable licenses for, all software portions of the terminated Work performed to that time, whether in the Contractor's facility, in transit, or on PRTC sites shall immediately pass to PRTC unless the PRTC notice of termination specifically declines title to or possession of all or some of the terminated Work.

The Contractor warrants and guarantees that title of all materials and equipment furnished under this Contract and accepted by PRTC will pass to PRTC free and clear of all liens, claims, security interests, or encumbrances.

## **II.36 Ownership of Material and Intellectual Properties**

All materials and/or intellectual properties, and the rights thereto, which are produced in the course of the Contract or which result from the work executed as the result of the Contract shall be the exclusive property of PRTC unless specific rights are expressly waived by PRTC.

Upon completion of the services of the Contract, the Contractor shall deliver all such appropriate materials including, but not limited to, camera ready artwork, computer disks, specifications, samples, photographs, video tapes, audio tapes, original artwork and drawings to PRTC. Should the Contractor fail to deliver the materials, all expenses incurred by PRTC in obtaining these materials shall be chargeable to the Contractor and may be withheld for any future sums due the Contractor.

If any invention, improvement, or discovery is conceived or first actually reduced to practice in the course of or under the Contract to which this clause has been added, and that invention, improvement, or discovery is patentable under the laws of the United States of America or any foreign country, PRTC or Contractor agree to take actions necessary to provide immediate notice and a detailed report to the party at a higher tier until FTA is ultimately notified.

Unless the Federal Government later makes a contrary determination in writing, irrespective of the Contractor's status (a large business, small business, state government or state instrumentality, local government, nonprofit organization, institution of higher education, individual), PRTC and the Contractor agree to take the necessary actions to provide, through FTA, those rights in that invention due the Federal Government as described in U.S. Department of Commerce regulations, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts, and Cooperative Agreements," 37 C.F.R. Part 401.

The Contractor also agrees to include the requirements of this clause in each subcontract for experimental, developmental, or research work financed in whole or in part with Federal assistance provided by FTA.

The Contractor also understands and agrees that any technical information developed using federal funds may be subject to export control regulations under the Bureau of Export Administration of the U.S. Department of Commerce or of other Federal agencies. Any technical information regulated by U.S. export control regulations, or the direct product thereof, will not be directly or indirectly exported to any countries or foreign persons without complying with export control regulations.

## **II.37 Copyrights**

All copyrightable works created pursuant to this agreement shall be considered work made for hire and shall belong solely and exclusively to PRTC. If, despite the foregoing, PRTC is not deemed the author and initial owner of any copyrightable works created pursuant to this agreement, the Contractor agrees to irrevocable assign and does hereby irrevocably assign to PRTC the sole, exclusive and complete copyright interest in such works, and Contractor shall execute and deliver such further documents as PRTC may reasonably request for the purpose of acknowledging, implementing or recording this assignment.

The Contractor agrees and warrants that no individual, other than regular employees of the Contractor or PRTC working within the scope of their employment, shall participate in the creation of any copyrightable works to be delivered under this agreement, unless such

individual and his or her employer, if any, have signed an intellectual property agreement satisfactory to PRTC before commencing such participation.

The Contractor hereby agrees that, notwithstanding anything else in this agreement, in the event of any breach of this agreement by PRTC, the Contractor's remedy shall not include any right to rescind or otherwise revoke or invalidate the provisions of this section. Similarly, no expiration or termination of this agreement by PRTC shall have the effect of rescinding, terminating or otherwise invalidating the provisions of this section.

## **II.38 Federal Rights in Data and Copyrights**

- a. The Contractor agrees to provide to the Federal Government a royalty-free, non-exclusive and irrevocable license to reproduce, publish, or otherwise use , and to authorize others to use, for Federal Government purposes the "subject data" described in the following subparagraphs 28.a(1) and 28.a(2). As used in the previous sentence, "for Federal Government purposes," means use only for the direct purposes of the Federal Government. Without the copyright owner's consent, the Federal Government may not provide or otherwise extend to other parties the Federal Government's license to:

- 1. Any subject data developed under the subcontract or lower-tier subcontract financed by the Grant Agreement or Cooperative Agreement, whether or not a copyright has been obtained; and
- 2. Any rights of copyright to which the Contractor or subcontractor purchases ownership with Federal assistance.

a Special Federal Rights in Data for Research, Development, Demonstration, and Special Studies (Planning) Projects. FTA's purpose in providing financial assistance for special studies (planning), research, development, or demonstration Projects, is to increase transportation knowledge, rather than limit the benefits of the Project to participants in the Project. Therefore, unless FTA determines otherwise, the Contractor of FTA financial assistance to support a research, development, demonstration, or a special studies (planning) Project agrees that, in addition to the rights in data and copyrights of this section, FTA may make available to any FTA recipient, subcontractor or lower-tier subcontractor, either FTA's license in the copyright to the subject data or a copy of the subject data. If the Project is not completed for any reason whatsoever, all data developed under that Project shall become subject data as defined in the clause entitled " Rights in Data," and shall be delivered as the Federal Government may direct.

This subparagraph; however, does not apply to adaptations of automatic data processing equipment or programs for the Recipient's use whose costs are financed with Federal funds for capital Projects.

b. Hold Harmless. Except as prohibited or otherwise limited by State law, upon request by the Federal Government, the Contractor agrees to indemnify, save, and hold harmless the Federal Government and its officers, agents, and employees acting within the scope of their official duties against any liability, including costs and expenses, resulting from any willful or intentional violation by the Contractor of proprietary rights, copyrights, or right of privacy, arising out of the publication, translation, reproduction, delivery, use, or disposition of any data furnished under the Project. The Contractor shall not be required to indemnify the Federal Government for any such liability caused by the wrongful acts of Federal employees or agents.

c. Restrictions on Access to Patent Rights. Nothing in this Clause on rights in data shall imply a license to the Federal Government under any patent or be construed to affect the scope of any license or other right otherwise granted to the Federal Government under any patent.

d. Data Developed Without Federal Funding or Support. In connection with the Project, the Contractor may find it necessary to provide data developed without any Federal funding or support to the Federal Government. The requirements of Clause 28.a. and 28.b. of the contract do not apply to data developed without Federal funding or support, even though that data may have been used in connection with the Project. Nevertheless, the Contractor understands and agrees that the Federal Government will not be able to protect any data from unauthorized disclosure unless that data is clearly marked "Proprietary" or "Confidential."

e. Statutory Requirements to Release Data. The Contractor understands and agrees that the Federal Government may be required to make available data and information submitted to the Federal Government for dissemination under the Freedom of Information Act, or other Federal statute(s) in accordance with implementation instructions contained in 49 C.F.R. § 19.36, revised March, 2000, to the extent applicable, and any subsequent applicable Federal requirements that may be promulgated.

The Contractor shall include the above paragraph in any subcontracts.

## **II.39 Patent Rights – Intentionally Omitted**

## **II.40 Covenant against Contingent Fees**

The Contractor warrants that it has not employed or retained any company or person, other than bona fide employees working solely for the Contractor, to solicit or secure the Contract, and that it has not paid or agreed to pay any company or person, other than a bona fide employee working solely for the Contractor, any fee, percentage, brokerage fee, or other considerations, contingent upon or resulting from the award of making of the Contract. For breach or violation of this warranty, PRTC shall have the right to annul the Contract without liability, or, at its discretion, to deduct from the Contract price or consideration, or otherwise recover the full amount

of such fee, percentage, brokerage fee, gift, or contingent fee. The firm shall therefore comply with all relevant federal, state, and local laws.

#### **II.41 Fair Employment Contracting Act**

The Contractor, its agents, employees, assigns or successors, and any persons, firm, or agency of whatever nature with whom it may contract or make a contract, shall comply with the provisions of the Virginia Fair Employment Contract Act, Va. Code § 2.2-4200 *et seq.*, the terms of which are incorporated herein by reference.

#### **II.42 Convict Labor**

In connection with the performance of work under the Contract, the Contractor agrees not to employ any person undergoing sentence of imprisonment except as provided by Public Law 89-176, September 10, 1985.

#### **II.43 Conflict of Interest**

The Contractor and its officers and employees shall comply with the provisions of the Virginia Conflict of Interest Act (Va. Code §§ 2.2-3100 *et seq.*), the terms of which are incorporated herein by reference.

PRTC is intent on avoiding conflicts of interest associated with the award of the Contract. To these ends, Contractors must identify existing and prospective contractual relations they have (or could have) with organizations that could present sources of conflict as part of the bid/proposal submission. The Contractor ultimately awarded the Contract must ensure that there is no real or perceived conflict of interest of PRTC at any time during the life of the Contract.

PRTC's standards of conflict prohibit PRTC employees, officers, board members, or agents from participating in the selection, award, or administration of a third-party contract or sub-agreement supported by federal funds if a real or apparent conflict of interest would be involved. Such a conflict would arise when any of the following parties has a financial or other interest in the entity selected for award (a) an employee, officer, board member or agent (b) any member of his or her family (c) his or her partner or (d) an organization that employs or intends to employ any of the above.

PRTC's standards of conflict also prohibit real or apparent organizational conflicts of interest. An organizational conflict of interest exists when the nature of the work to be performed under a third-party contract or sub-agreement may, without some restriction on future activities, result in an unfair competitive advantage to the third-party Contractor or sub-recipient or impair its objectivity in performing the Contract work.

#### **II.44 Ethics in Public Contracting**

The Contractor certifies that this Contract is made without collusion or fraud and that it has not offered or received any kickbacks or inducements from any other Contractor, supplier,

manufacturer or subcontractor in connection with their bid/proposal, and that they have not conferred on any public employee having official responsibility for this procurement transaction any payment, loan, subscription, advance, deposit of money, services or anything of more than nominal value, present or promised, unless consideration of substantially equal or greater value was exchanged.

#### **II.45 Prohibition Against the Use of Federal Funds for Lobbying**

The Contractor and all subcontractors agree to comply with the provisions of 31 U.S.C. § 1352, which prohibit the use of federal funds for lobbying any official or employee of any federal agency, or member or employee of Congress; and requires the recipient to disclose any lobbying of any official or employee of any federal agency, or member or employee of Congress in connection with federal assistance. In addition, no federal assistance funds shall be used for activities designed to influence Congress or State Legislature on legislation or appropriations, except through proper, official channels. The Contractor shall comply and assure the compliance of subcontractors at any tier with U.S. DOT regulations, “New Restrictions on Lobbying,” 49 C.F.R. Part 20.

For contracts of \$100,000 or more, the Contractor shall submit to PRTC a signed “Certification of Restrictions on Lobbying,” (attached) and shall require all subcontractors with contracts of \$100,000 or more to submit to the Contractor and PRTC such signed certifications.

#### **II.46 Officials not to Benefit**

No member of or delegate to the Virginia General Assembly, and no member of PRTC or the Virginia Department of Transportation, or the Virginia Department of Rail and Public Transportation, shall be admitted to any share or part of the Contract, or to any benefit that may arise there from; but this provision shall not be construed to extend to the Contract if made with a corporation for its general benefits.

No member, officer, or employee of PRTC during his/her tenure or one (1) year thereafter shall have any interest, direct or indirect, in the Contract or the proceeds thereof.

#### **II.47 Independent Contractor**

The Contractor is and shall be in all events, an independent Contractor. Nothing herein shall be construed as constituting the Contractor as an agent, partner, employee, or legal representative of PRTC for any purpose. Neither the Contractor nor its employees shall be entitled to or be eligible to participate in any benefits, privileges or plans given by or established for the benefit of PRTC or its employees.

#### **II.48 Anti-Discrimination**

During the performance of the Contract, the Contractor agrees as follows:

1. The Contractor will not discriminate against any employee or applicant for employment because of race, color, religion, national origin, sex, disability, or age. Such action shall include, but not be limited to, the following: employment, promotion, demotion or transfer, recruitment or recruitment advertising, layoff or termination; rates of pay or other forms of compensation; and selection for training including apprenticeship. 7. The Contractor agrees to comply with all applicable requirements of the Age Discrimination Act of 1975, as amended, 42 U.S.C. §§ 6101 *et seq.*, and implementing regulations, which prohibit employment and other discrimination against individuals on the basis of age.

8. The Contractor agrees to comply with all applicable requirements of any other nondiscrimination statutes(s) that may apply.

9. The Contractor also agrees to include these requirements in each subcontract financed in whole or in part with Federal assistance provided by FTA, modified only if necessary to identify the affected parties.

## **II.53 Labor Provisions**

The Contractor and any subcontractors shall maintain payrolls and basic payroll records during the course of the work and shall preserve them for a period of three (3) years from the completion of the Contract for all laborers and mechanics, including guards and watchmen, working on the Contract. Such records shall contain the name and address of each such employee, social security number, correct classifications, hourly rates of wages paid, daily and weekly number of hours worked, deductions made, and actual wages paid. The records to be maintained under this clause shall be made available by the Contractor or subcontractor for inspection, copying or transcription by authorized representatives of the FTA, the U.S. DOT, or the Department of Labor, and the Contractor or subcontractor will permit such representatives to interview employees during working hours on the job.

The following clauses are applicable to any Contract subject to the overtime provisions of the Contract Work Hours and Safety Standards Act:

1. No Contractor or subcontractor contracting for any part of the Contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any work week in which he or she is employed on such work to work in excess of forty hours in such work week unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such work week. Determinations pertaining to these requirements shall be made in accordance with the requirements of section 102 of the Act, 40 U.S.C. §§ 327 - 332; and U.S. DOL regulations, "Labor Standards Provisions Applicable to Contracts Governing Federally Financed and Assisted Construction (also Labor Standards Provisions Applicable to Non-construction Contracts Subject to the Contract Work Hours and Safety Standards Act)," 29 C.F.R. 2. In the event of any violation of the requirements of 29 C.F.R. §5.5(b)(1), the Contractor and any subcontractor responsible therefore shall be liable for the unpaid wages. In addition, such Contractor and subcontractor shall be liable to the United States for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of 29 C.F.R. §5.5(b)(1) in the sum of ten dollars (\$10) for each calendar day on which such individual was required or permitted to work in excess of the standard work week of forty (40) hours without payment of the overtime wages required by 29 C.F.R. § 5.5(b)(1).

3. The FTA or the recipient shall upon its own action or upon written request for an authorized representative of the Department of Labor withhold or cause to be withheld from any moneys payable on account of work performed by the Contractor or subcontractor under any such Contract or any other federal contract with the same prime Contractor, or any other federally assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime Contractor, such sums as may be determined to be necessary to satisfy any liabilities of such Contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth at 29 C.F.R. § 5.5(b)(2).

The Contractor agrees to comply, and assures to comply, and assures the compliance of each subcontractor at any tier, with the Copeland "Anti-Kickback" Act, as amended, 18 U.S.C. § 874 and 40 U.S.C. § 276c, and U.S. DOL regulations, "Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in part by Loans or Grants from the United States," 29 C.F.R. Part 3. The Contractor, in addition to other requirements that may apply, agrees that it will not induce, by any means, any person employed in the construction, completion or repair of public work, to give up any part of the compensation to which that employee is otherwise entitled. In addition, the Contractor agrees to report every suspected or reported violation of the Act or its federal implementing regulations to FTA.

Activities Not Involving Construction. The Contractor agrees to comply, and assures to comply, and assures the compliance of each subcontractor at any tier, with any applicable employee protection requirements for non-construction employees of section 102 of the Contract Work Hours and Safety Standards Act, as amended, 40 U.S.C. §§ 327 - 332, and U.S. DOL regulations, "Labor Standards Provisions Applicable to Contracts Governing Federally Financed and Assisted Construction (also Labor Standards Provisions Applicable to Non-construction Contracts Subject to the Contract Work Hours and Safety Standards Act)," 29 C.F.R. Part 5.

References to the Fair labor Standards Act, 29 U.S.C. §§ 201 et. Seq. is substituted for the reference to specific sections of the Act.

The Contractor agrees to comply and assures the compliance of these requirements for each subcontract at any tier.

## **II.54 Royalties – Intentionally Omitted**

## **II.55 Metric System**

In accordance with Section 30 of the FTA Master Agreement, the FTA reserves the right to impose specific metric requirements for the Contract.

## **II.56 Energy Conservation**

The Contractor agrees to comply with mandatory standards and policies relating to energy efficiency, which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act.

## **II.57 Audit**

The Contractor hereby agrees to maintain all books, records, accounts, and reports required under the Contract for a period of not less than three (3) years after the date of termination or expiration of the Contract, except in the event of litigation or settlement of claims arising from the performance of the Contract, in which case the Contractor agrees to maintain same until PRTC, the FTA Administrator, the Comptroller General, or any their duly authorized representatives, have disposed of all such litigation, appeals, claims, or exceptions related thereto. Reference 49 CFR 18.39(i)(11). The agency, its authorized agents, Federal Government, and/or state auditors shall also have full access to and the right to examine any of said materials during said period.

## **II.58 False or Fraudulent Statements and Claims**

The Contractor recognizes that the requirements of the Program Fraud Civil Remedies Act of 1986, as amended, 31 U.S.C. § 3801 et. seq. and U.S. DOT regulations, “Program Fraud Civil Remedies,” 49 C.F.R. Part 31 apply to its actions pertaining to the Project. Upon execution of the underlying Contract, the Contractor certifies or affirms the truthfulness and accuracy of any statement it has made, it makes, it may make, or causes to be made, pertaining to the underlying Contract or the FTA assisted project for which the Contract work is being performed. In addition to other penalties that may be applicable, the Contractor also acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification, the Federal Government reserves the right to impose the penalties of the Program Fraud Civil Remedies Act of 1986 on the Contractor to the extent the Federal Government deems appropriate. The Contractor also acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification to the Federal Government under a contract connected with a project which is financed in whole or in part with Federal assistance originally awarded by FTA under the authority of 49 U.S.C. § 5307, the Government reserves the right to impose the penalties of 18 U.S.C. § 1001 and 49 U.S.C. § 5307(n)(1) on the Contractor, to the extent the Federal Government deems appropriate. The Contractor agrees to include the above two clauses on each subcontract financed in whole or in part with Federal assistance provided by FTA. It is further agreed that the clauses shall not be modified, except to identify the subcontractor who will be subject to the provisions.

## **II.59 Support of Exclusionary of Discriminatory Specifications**

Apart from inconsistent requirements by Federal statute or regulations, PRTC complies with the requirements of 49 U.S.C. § 5323(h)(2) by refraining from using any Federal assistance awarded by FTA to procurements with exclusionary or discriminatory specifications.

## **II.60 Authorized Funding**

If at any time the Contractor has reason to believe that the costs to PRTC which will accrue in the performance of the Contract in the next succeeding 30 days, when added to all other payments previously accrued, will exceed 75% of the then current total authorized funding, the Contractor shall notify PRTC to that effect, advising the estimate of additional funds required for completion of the task order. The Contractor shall be under no obligation to perform any work hereunder, and PRTC shall not be obligated to reimburse Contractor for any work performed, if in the performance thereof the total funding then allotted to Contract will be exceeded.

PRTC shall not be obligated to pay the Contractor any amount in excess of the ceiling price reflected in the Contract, and the Contractor shall not be obligated to continue performance if to do so would exceed the price set forth in the Contract, unless and until the PRTC Executive Director shall have notified the Contractor in writing that the price has been increased and shall have specified in the notice a revised price that shall constitute the price for performance under the Contract, and the Contract has been duly modified. When and to the extent that the price set forth in the Contract has been increased, any hours expended and material costs incurred by the Contractor in excess of the price before the increase shall be allowable to the same extent as if the hours expended and material costs had been incurred after the increase in the price.

## **II.61 Taxes**

Deliveries against the Contract shall be free of federal excise and transportation taxes as well as sales tax to the extent permitted by law. The PRTC excise tax exemption registration number shall be furnished upon request. PRTC is exempt from the payment of any Federal excise tax and Virginia sales tax. However, when under established trade practice, any Federal excise tax is included in the list price, the Contractor may quote the list price and shall show separately the amount of Federal tax, as a flat sum, which shall be deducted by PRTC.

## **II.62 Extra Charges Not Allowed – intentionally Omitted**

## **II.63 Modifications or Changes to the Contract**

Changes in the Work and changes in the Contract can only be made by written amendments signed by both the Contractor and PRTC, prior to implementation of such changes. Any part of the Contract that is not specially mentioned in an amendment or set of amendments shall not be changed. No implied changes are acceptable to either party to the Contract. The Contractor shall be liable for

all costs resulting from, and for satisfactorily correcting, any change not properly ordered by written amendment to the Contract and signed by the both parties.

PRTC may initiate a request for change by drafting amendments defining the intended changes in requirements and delivering these to the Contractor. The Contractor is required to respond to PRTC within 15 calendar days, or such time as PRTC shall specify for a particular change request. The response provided by the Contractor shall include:

- a. The requested amendment, modified if necessary, describing in detail the changes to the Work,
- b. An impact statement describing how, if at all, other provisions of the Contract will be affected, including purchase price and payment terms, performance bond, schedule, hardware and software deliverables, spare capacities, system performance, processor loading, training, testing, documentation, and spare parts.

If the change requested is one that was included in the Contractor's proposal as an option, the initial draft amendment provided by PRTC will include the pertinent information in the specification and proposal.

The Contractor may initiate a request for change. The procedure defined in the preceding paragraphs would be followed except that the Contractor prepares the initial draft of the amendment as well as the impact statement.

The change in price associated with a change under consideration, if it is large enough to have an impact on the amount of the Performance Bond, must include a separate amount for the required change in premium so that at PRTC's option the Performance Bond will still be in accord with the total value of the Contract after the change is executed. PRTC is not obligated to notify the sureties when making a change.

Each amendment that is adopted by the parties shall be dated, numbered in sequence beginning with Amendment Number 1, and duly executed by both PRTC and the Contractor.

## **II.64 Examination of Records**

The Contractor agrees as follows:

1. Reports. The Contractor shall provide to PRTC those reports required by the U.S. DOT's grant management rules and any other reports the federal government may require.
2. Record Retention. The Contractor shall provide PRTC, the FTA Administrator, the Comptroller General of the United States or any authorized representatives access to any books, documents, paper and records of the Contractor which are directly pertinent to the Contract for the purpose of making audits, examinations, excerpts and transcriptions even after the project has been closed-out. The Contractor also shall, pursuant to 49 C.F.R. 633.17 to provide the FTA Administrator or his authorized representatives including any PMO (Project Management Oversight) Contractor access to the Contractor's records and construction sites

pertaining to a major capital project, defined at 49 U.S.C. 5302(a)1, which is receiving federal financial assistance through the programs described at 49 U.S.C. 5307, 5309, or 5311.

The Contractor shall maintain intact and readily accessible all data, books, accounts, documents, reports, records, contracts, and supporting materials relating to the Contract as the federal government and Commonwealth of Virginia governments may require during the course of the Contract and for three (3) years thereafter, except in the event of litigation of settlement of claims arising from the performance of the Contract, in which case the Contractor agrees to maintain the same until the Purchaser, the FTA Administrator, the Comptroller General, or any of their duly authorized representatives have disposed of all such litigation appeals claims or exceptions related thereto.

3. Access to Records. Upon request, the Contractor shall permit PRTC, its authorized agents, state auditors, the Secretary of Transportation, and the Comptroller General of the United States, or their authorized representatives, to inspect all project work, materials, payrolls, and other data, and to audit the books, records, and accounts pertaining to the project.

The Contractor further shall include in all his subcontracts hereunder a provision to the effect that the subcontractor agrees that PRTC, its authorized agents, state auditors, the Secretary of Transportation, and the Comptroller of the United States, or their authorized representatives, until the expiration of five years after final payment under the subcontract, be permitted to inspect and audit all data and records of the subcontractor relating to his performance under the subcontract.

The term “subcontract” as used in this clause excludes (1) purchase orders not exceeding \$100,000 and (2) subcontracts or purchase orders for public utility services at rates established for uniform applicability to the general public.

PRTC shall continue to have a period beyond five (5) years after final payment under the Contract to inspect and audit all data and records which relate to:

- Appeals under the “Claims/Disputes” clause of the Contract;
- Litigation of claims arising out of the performance of the Contract; or
- Costs and expenses of the Contract as to which exception has been taken by PRTC or the Commonwealth of Virginia or any of its duly authorized representatives.

The extended right of inspection shall continue for such period beyond five (5) years after final payment under the Contract until such appeals, litigations, claims or exceptions have been disposed of, and for such period thereafter as required for review by the Virginia Department of Transportation and PRTC.

4. Notification of Federal Participation. In the announcement of any contract award for goods or services (including construction services) having an aggregate value of \$500,000 or more, the Contractor agrees to specify the amount of Federal assistance to be used in financing

that acquisition of goods and services and to express the amount of that Federal assistance as a percentage of the total cost of that third party contract.

## **II.65 Geographic Restrictions**

The Contractor agrees to refrain from using state or local geographic preferences, except those expressly mandated or encouraged by federal statute, and as permitted by FTA, such as for professional services in areas where such a restriction does not unduly limit competition.

## **II.66 Employment of Personnel**

The Contractor shall not employ any persons or persons in the employment of PRTC for any work required by the terms of the Contract, without written permission of PRTC.

## **II.67 Publications**

Articles, papers, bulletins, reports or other material reporting the results and findings of the work conducted under the Contract shall not be presented publicly or published without prior approval in writing of PRTC and all materials remain the sole property of PRTC.

Publications and reports officially released after the date of execution of then Contract describing the results of any investigation or study hereunder participated in by PRTC shall give recognition to PRTC in the text and title page to the nature of its cooperative character.

## **II.68 Electronic and Information Technology**

To the extent required by law, the Contractor agrees that any electronic and information technology financed with Federal assistance awarded for the Contract will meet the applicable accessibility standards of Section 508 of the Rehabilitation Act of 1973, as amended, by 29 U.S.C. § 794d, and U.S. ATBCB regulations, "Electronic and Information Technology Accessibility Standards," 36 C.F.R. Part 1194.

## **II.69 Use of Real Property, Equipment, and Supplies**

The Contractor understands and agrees that the Federal Government retains a Federal interest in any real property, equipment, and supplies financed with Federal assistance until, and to the extent, that the Federal Government relinquishes its Federal interest in that property. Unless otherwise approved by FTA, the Contractor agrees to comply with the following requirements with respect to real property, equipment, and supplies financed by the Contract:

a. Use of Property. The Contractor agrees to use Contract real property, equipment, and supplies for appropriate Contract purposes (which may include joint development purposes that generate program income, both during and after the award period used to support transit activities) for the duration of the useful life of that property, as required by PRTC. Should the Contractor unreasonably delay or fail to use Contract property during the useful life of that property, the Contractor agrees that it may be required to return the entire amount of the Federal

assistance expended on that property. The Contractor further agrees to notify PRTC immediately when any Contract property is withdrawn from Contract use or when Contract property is used in a manner substantially different from the representations the Contractor has made in its bid/proposal for the Contract.

b. General Federal Requirements. A Contractor that is an institution of higher education, or a private nonprofit organization, agrees to comply with 49 C.F.R. §§ 19.30 through 19.37, including any amendments thereto, and other applicable guidelines or regulations the Federal Government may issue. Any exception to the requirements of 49 C.F.R. §§ 18.31 through 18.34, and to 49 C.F.R. §§ 19.30 through 19.37, requires the express approval of PRTC. A Contractor that is a for-profit organization agrees to comply with property management standards satisfactory to PRTC. In addition, the Contractor consents to FTA's established reimbursement requirements for premature dispositions of certain Contract equipment (*i.e.*, when Contract equipment is withdrawn from appropriate use before the expiration of the equipment's useful life established by FTA), as explained in this section.

c. Maintenance. The Contractor agrees to maintain Contract real property and equipment in good operating order, in compliance with any guidelines, directives, or regulations FTA may issue.

d. Records. The Contractor agrees to keep satisfactory records regarding the use of Contract real property, equipment, and supplies, and submit to PRTC upon request such information as may be required to assure compliance with this section of the Contract.

e. Encumbrance of Contract Property. The Contractor agrees to maintain satisfactory continuing control of Contract real property or equipment. Thus, absent written authorization by PRTC permitting otherwise:

1. Written Transactions. The Contractor agrees to refrain from executing any transfer of title, lease, lien, pledge, mortgage, encumbrance, third party contract, grant anticipation note, alienation, or any other obligation that in any way would affect the Federal interest in any Contract real property or equipment.

2. Oral Transactions. The Contractor agrees to refrain from obligating itself in any manner to any third party with respect to Contract real property or equipment.

3. Other Actions. The Contractor agrees to refrain from taking any action that would either adversely affect the Federal interest or impair the Contractor's continuing control of the use of Contract real property or equipment.

f. Transfer of Contract Property. The Contractor understands and agrees as follows:

1. Contractor Request. The Contractor may transfer assets financed with Federal assistance authorized for 49 U.S.C. Chapter 53 to a public body to be used for any public purpose with no further obligation to the Federal Government, provided the transfer is approved by

PRTC and Federal Transit Administrator and conforms with the requirements of 49 U.S.C. §§ 5334(g)(1) and (2).

2. Federal Government Direction. The Contractor agrees that the Federal Government may direct the disposition of, and even require the Contractor to transfer title to, any real property, equipment, or supplies financed with Federal assistance under the Contract.

3. Leasing Contract Property to Another Party. If the Contractor leases any Contract asset to another party with PRTC's written permission, the Contractor agrees to retain ownership of the leased asset and assure that the lessee will use the Contract asset appropriately, either through a "Lease and Supervisory Agreement" between the Contractor and lessee, or another similar document, unless PRTC determines otherwise in writing. Upon request by PRTC, the Contractor agrees to provide a copy of any relevant documents.

g. Disposition of Contract Property. With prior PRTC approval, the Contractor may sell, transfer, or lease Contract property and use the proceeds to reduce the gross project cost of other eligible capital transit projects to the extent permitted by 49 U.S.C. § 5334(g)(4). Nevertheless, the Contractor agrees that PRTC may establish the useful life of Contract property, and that the Contractor will use Contract property continuously and appropriately throughout that useful life.

1. Contract Property Whose Useful Life Has Expired. When the useful life of Contract property has expired, the Contractor agrees to comply with PRTC's disposition requirements.

2. Contract Property Prematurely Withdrawn from Use. For property withdrawn from appropriate use before its useful life has expired, the Contractor agrees as follows:

(a) Notification Requirement. The Contractor agrees to notify PRTC immediately when any Contract real property, equipment, or supplies are prematurely withdrawn from appropriate use, whether by planned withdrawal, misuse, or casualty loss.

(b) Calculating the Fair Market Value of Prematurely Withdrawn Contract Property. The Contractor agrees that the Federal Government retains a Federal interest in the fair market value of Contract property prematurely withdrawn from mass transportation use. The amount of the Federal interest in the property shall be determined on the basis of the ratio of the Federal assistance awarded by the Federal Government for the property to the actual cost of the property. The Contractor agrees that the fair market value of property prematurely withdrawn from use shall be calculated as follows:

(1) Equipment and Supplies. Unless otherwise determined in writing by PRTC, the Contractor agrees that fair market value shall be calculated by straight-line depreciation of the equipment or supplies, based on the useful life of the equipment or supplies established or approved by FTA. In addition, the fair market value of equipment and supplies shall be the value immediately before the occurrence prompting the withdrawal of that property from use. In the case of equipment or supplies lost or damaged by fire, casualty, or natural disaster, the

fair market value shall be calculated on the basis of the condition of that property immediately before the fire, casualty, or natural disaster, irrespective of the extent of insurance coverage. The Contractor may use its own disposition procedures, provided that those procedures comply with the State's laws.

(2) Real Property. The Contractor agrees that the fair market value of real property shall be determined either by competent appraisal based on an appropriate date approved by the Federal Government, as provided by 49 C.F.R. Part 24, or by straight line depreciation, whichever is greater.

(3) Exceptional Circumstances. The Contractor agrees that PRTC may require the use of another method of determining the fair market value of property. In unusual circumstances, the Contractor may request that another reasonable valuation method be used including, but not limited to, accelerated depreciation, comparable sales, or established market values. In determining whether to approve such a request, PRTC may consider any action taken, omission made, or unfortunate occurrence suffered by the Contractor with respect to the preservation or conservation of Contract property withdrawn from appropriate use.

(c) Obligations to PRTC. Unless otherwise approved in writing by PRTC, the Contractor agrees to remit to PRTC the Federal interest in the fair market value of Contract real property, equipment, or supplies prematurely withdrawn from appropriate use. In the case of fire, casualty, or natural disaster, the Contractor may fulfill its responsibilities with respect to the Federal interest remaining in the damaged equipment or supplies by either:

(1) Investing an amount equal to the remaining Federal interest in like-kind equipment or supplies that are eligible for assistance within the scope of the Contract that provided financial assistance for the damaged equipment or supplies; or

(2) Returning to PRTC an amount equal to the remaining Federal interest in the damaged property.

h. Insurance Proceeds. If the Contract receives insurance proceeds as a result of damage or destruction to the Contract property, the Contractor agrees to:

The Contractor and its subcontractors agree to ensure that disadvantaged business enterprises, as defined in 49 C.F.R. Part 26, have a level playing field on which DBEs can compete fairly and participate fully in contracts and subcontracts financed in whole or in part with federal funds provided under this contract. In this regard, PRTC and its contractors shall take all necessary and reasonable steps in accordance with 49 C.F.R. Part 26 to ensure that disadvantaged business enterprises have a level playing field to compete for and perform contracts.

PRTC and its contractors shall not discriminate on the basis of race, color, national origin or sex in the award and performance of contracts. The Contractor cannot terminate a DBE subcontractor for convenience and then perform that work with its own forces or its affiliate. Failure by the Contractor or his/her subcontractor to carry out these requirements is a material breach of this Contract, which may result in the termination of this contract or such other remedy as PRTC deems appropriate.

The Contractor shall be required to submit a schedule of DBE use and payments made to DBEs on a biannual basis as determined by PRTC. The Contractor is required to maintain records and documents of payments to DBEs for three (3) years following the performance of the Contract and will make these records available to PRTC upon request.

The Contractor, its agents, employees, assigns or successors, any persons, firms, or agency of whatever nature with whom it may contract or make agreement, in connection with the Contract shall cooperate with PRTC in meeting its commitment and goals with regard to the creation of a level playing field of disadvantaged business enterprises. The parties to the Contract shall use their best efforts to ensure that disadvantaged business enterprises shall have a level playing field to compete for subcontract work under this Contract.
